

XOGO Launches Digital Signage Integration for Microsoft Teams Rooms

Spokane, Washington Oct 3, 2025 ([Issuewire.com](https://www.issuewire.com)) -

XOGO Digital Signage today announced the official launch of its digital signage integration for Microsoft Teams Rooms (MTR). This integration allows Microsoft Teams Rooms devices to automatically display XOGO signage content whenever the screen is idle between meetings, then return to the standard Teams interface before the next session begins.

Key Benefits for Microsoft Teams Rooms Users:

- Idle screen utilization: Turn unused Teams Rooms screens into digital signage displays.
- Corporate communication made simple: Showcase KPI dashboards, internal messages, or infotainment.
- Seamless operation: Signage pauses automatically when meetings begin.
- Cross-platform support: Available today on MTR-Windows devices; support for MTR-Android arrives in autumn 2025.

Justin Miller, Chief Revenue Officer at XOGO, commented:

“Our new Microsoft Teams Rooms integration is a massive value-add. It lets organizations unlock extra value from their existing hardware by using it as a communications channel in between meetings.”

Product Availability

XOGO for Microsoft Teams Rooms is now live for all MTR-Windows devices. Support for MTR-Android devices is coming autumn 2025.
