Pune, Maharashtra Nov 11, 2025 (Issuewire.com) - Aeron Systems announced that it has been honoured with the **SIDM Champions Award 2025 (Special Jury) in the Import Substitution (Small Scale) category**, presented by Shri Rajnath Singh, Hon'ble Raksha Mantri of India, during the annual session of the Society of Indian Defence Manufacturers (SIDM) in New Delhi.

This recognition underscores Aeron Systems' steadfast commitment to advancing indigenous deep-tech innovation in defense, aerospace and related strategic sectors—directly supporting India's vision of self-reliance (“Atmanirbhar Bharat”). Aeron's homegrown [inertial navigation systems](#) have demonstrated performance, reliability and cost-effectiveness, enabling critical capabilities while reducing dependence on imports.

“Being felicitated by Shri Rajnath Singh is a tremendous honour and a clear signal that our mission to empower India’s strategic manufacturing ecosystem is on track,” said the Aeron Systems leadership team. “This award energises us to push the boundaries of innovation, strengthen our supply chain resilience, and deliver world-class technologies for our nation.”

Aeron extends its sincere thanks to SIDM for this prestigious recognition and reaffirms its pledge to continue building high-performance indigenous defence and aerospace solutions—aligning with national priorities of import substitution, innovation and global competitiveness.

About Aeron Systems

Aeron Systems is a fast-growing deep-tech company developing high-precision inertial navigation systems, motion sensors, [IoT data loggers](#) and [weather monitoring solutions](#) across aerospace, defence, renewable energy and industrial verticals.

About SIDM

The Society of Indian Defence Manufacturers is the apex industry body representing the Indian defence manufacturing sector. Through its Champion Awards, it recognises companies making distinguished contributions to technology/product innovation, import-substitution and exports in the defence & aerospace ecosystem.
