

aiDecyde Appoints Nadeem Saeed as CEO to Accelerate Enterprise Transformation Through AI and Process Intelligence

Austin, Texas Nov 20, 2025 ([IssueWire.com](https://www.IssueWire.com)) - **aiDecyde**, an emerging leader in AI-driven process intelligence and decision transformation, today announced the appointment of **Nadeem Saeed** as its **Chief Executive Officer**. Saeed, a veteran executive with leadership roles at Microsoft, Verizon, Motorola, and Honeywell, brings more than two decades of experience driving operational excellence, digital transformation, and innovation across global industries.

Under Saeed's leadership, aiDecyde is positioning itself as the **fastest-to-value platform** for organizations seeking to reveal process inefficiencies, simulate transformation outcomes, and drive measurable results—without the heavy lift of traditional enterprise IT deployments.

“aiDecyde represents a new era of intelligent transformation—where AI and experts work side-by-side to uncover insights and deliver change faster than ever before,” said **Nadeem Saeed**, CEO of aiDecyde. “Our mission is simple: help organizations make better decisions—every day, at every level—through data, intelligence, and guided expertise.”

aiDecyde's platform combines **advanced process mining, simulation, and expert-in-the-loop AI** to provide enterprises with rapid, actionable insights. Built with flexibility at its core, aiDecyde can be deployed **locally, on-premises, or in the cloud**, enabling organizations to adopt at their own pace—without complex IT dependencies or long onboarding cycles.

Prior to founding aiDecyde, Nadeem led **AirGyde**, a pioneering drone infrastructure startup redefining low-altitude mobility. Earlier in his career, he spearheaded transformation initiatives across **telecom, industrial, and technology sectors**, driving measurable gains in quality, efficiency, and innovation. Saeed holds a **Master's in Software Engineering** from the **Illinois Institute of Technology, Chicago**, and a **Bachelor's in Chemical Engineering** from the **University of Maryland, College Park**.

As CEO, Nadeem will oversee aiDecyde's growth strategy, product roadmap, and partnerships aimed at helping enterprises **reveal, transform, and transcend** through AI-driven decision intelligence.

About aiDecyde

aiDecyde is an enterprise transformation intelligence platform that fuses **AI, process mining, and expert guidance** to help organizations accelerate change. From discovery to decision to delivery, aiDecyde provides a unified environment for leaders to visualize, simulate, and improve processes with measurable impact.

Tagline: *Reveal. Transform. Transcend.*
