

Aspen Animal Wellness Simplifies Pet Travel with Comprehensive Health Certificates

Aspen Animal Wellness in Reno, NV makes pet travel easy by providing domestic and international health certificates. Their veterinary team ensures your pet meets all health, vaccination, and documentation requirements for safe, stress-free travel.

Reno, Nevada Nov 20, 2025 ([Issuewire.com](https://www.issuewire.com)) - For many pet owners, planning a trip that includes their furry family members can be a challenging task. Ensuring pets meet the necessary travel requirements, whether for flights, cross-country moves, or international journeys, can be overwhelming.

That's why Aspen Animal Wellness offers complete Pet Health Certificates in Reno, NV, designed to streamline the travel process, ensuring compliance and peace of mind.

The clinic's veterinarians provide complete physical exams and review vaccination records. This certification is to verify your pet's health in accordance with USDA, airline, and destination-specific regulations. From microchipping and parasite control to accurate and complete documentation, their goal is to ensure a smooth travel experience for you and your pet.

Experienced Veterinarians You Can Trust

The veterinary team brings a wealth of knowledge and compassion to every appointment.

- **Dr. Amy Rock**, a graduate of Colorado State University, focuses on small animal and equine medicine. She is passionate about client relationships and surgical care and is fluent in both English and Japanese.
- **Dr. Katherine Hewitt**, who earned her DVM from Washington State University, has special interests in **preventive medicine, dermatology, and soft tissue surgery**, emphasizing client communication and long-term pet wellness.
- **Dr. Betsy Phillips**, a University of Missouri alumna, focuses on **nutrition, pain management, and preventive medicine**, ensuring pets live happy and healthy lives.
- **Dr. Dean Morgan**, a board-certified surgeon (Diplomate, American College of Veterinary Surgeons), provides **advanced orthopedic and soft tissue surgery**, bringing years of surgical excellence to the practice.

Together, the team provides personalized and thorough travel certification services to meet each pet's individual needs.
