

bValue Venture Launches Six New AI-Driven Tools to Redefine Decision Intelligence for SMEs

bValue Venture launches six AI tools — DataBridge, InsightSync and more — helping SMEs turn data into explainable, actionable decisions in minutes.

Loughborough, Leicestershire Nov 5, 2025 ([IssueWire.com](https://www.issuewire.com)) - bValue Venture Launches Six New AI-Driven Tools to Redefine Decision Intelligence for SMEs

bValue Venture Ltd., a UK Decision Intelligence and Explainable AI company, today unveiled six innovative products that empower small and medium-sized enterprises (SMEs) to transform everyday data into clear, actionable decisions.

The new releases — **DataBridge™**, **SheetFlow™**, **InsightSync™**, **AutoAct™**, **LearnLoop™**, and **XAI Narratives™** — extend bValue Venture’s flagship **Decision Intelligence-as-a-Service (DlaaS™)** ecosystem.

“SMEs don’t need more reports; they need reasons,” said **Tej Gangwar**, Founder and Chief Data Scientist. “These tools turn raw data into real-time intelligence that leaders can trust — no coding, no complexity, just clarity.”

The Six-Tool Suite

- **DataBridge™** – Converts Excel/API/CRM feeds into clean, decision-ready data.
- **SheetFlow™** – One-click data cleaning and schema validation.
- **InsightSync™** – Plug-and-play dashboards with AI storytelling.
- **AutoAct™ (Add-on)** – Real-time alerts and automated workflows.
- **LearnLoop™ (Add-on)** – ROI tracking and continuous learning engine.
- **XAI Narratives™** – Human-readable explanations for trends and anomalies.

Running on **Firebase + Next.js**, the suite delivers enterprise-grade capability tailored for **Sales, Marketing, Revenue, Customer Ops, and Leadership teams**.

“Our vision is to democratize explainable intelligence for every business,” added Gangwar. “When humans and AI reason together, decisions create real value.”
