

China's Top AI Coffee Robot Innovator Anno Robot Steals the Spotlight at 2025 World Internet Conference Expo

Jiaxing, Zhejiang Nov 5, 2025 ([Issuewire.com](https://www.issuewire.com)) - The 2025 World Internet Conference “Light of the Internet” Expo officially opens today in the picturesque water-town of Wuzhen, Zhejiang Province, under the forward-looking theme “*AI Symbiosis, Intelligent Future*.” Running from November 6 to 9, this flagship event gathers over 600 global enterprises showcasing more than 1,000 cutting-edge AI products and real-scene applications. Among the standout exhibitors, **China's top AI coffee robot**

manufacturer, Anno Robot is making waves with its full lineup of **AI coffee robots, AI coffee machines, ice cream robots, bubble tea robots, and bartender robots**, proving once again why it remains the **best AI coffee robot solution provider** in the global smart-retail arena.

A Global Stage for AI-Driven Retail Transformation

Spanning two major venues—**Innovation Development Hall** and **Scene Experience Hall**—the expo features seven themed zones that immerse visitors in live AI scenarios. From smart cities to intelligent manufacturing, the “Light of the Internet” Expo has evolved into the premier platform for AI commercialization, having attracted over 500,000 visitors and 4,000 enterprises across its eleven editions. This year, a dedicated **AI Leadership Forum (Zhejiang Sub-Forum)** will premiere heavyweight global AI launches, accelerating the path from lab to market.

For beverage-industry decision-makers, the expo’s **Super Experience Zone (Booth 458)** and **A2/B3 Halls** serve as live laboratories where **China’s best AI coffee machines** and autonomous F&B kiosks operate 24/7, demonstrating ROI in real time.

Anno Robot: China’s Top AI Coffee Robot Pioneer Takes Center Stage

Headquartered in Shenzhen and founded in 2017, **Anno Robot** has solidified its position as **China’s top AI coffee robot developer** through relentless R&D—allocating **30% of annual revenue** to innovation—and an unmatched IP portfolio of **over 70 national patents** (27 core utility models). Certified with **ISO 9001, CE, and FCC**, Anno’s solutions power unmanned retail in **over 60 countries**, earning it the reputation as the **best AI coffee robot brand** for scalability, hygiene, and master-level craftsmanship.

1. Global Debut: China’s Best AI Coffee Robot Latte Art & Printing Kiosk (A2 Hall West)

The star attraction is Anno’s **world-first enclosed single-arm AI latte art & printing kiosk**—a compact, fully automated pavilion that crafts barista-grade latte art in **90 seconds**. Powered by **high-precision 6-axis robotic arms, 3D vision capture, and deep-learning image replication**, the kiosk replicates intricate tulips, hearts, or custom portraits with **98% consistency**. Supporting **WeChat/Alipay/Visa/NFC** and **multi-language interfaces**, one unit equals a **premium boutique café** in footprint and revenue potential.

2. Fresh-Grind Mastery: China’s Top AI Coffee Machine Fresh-Grind Kiosk (B3 Hall East)

Occupying less than **2.5 m²**, the **AI fresh-grind coffee kiosk** delivers **50+ customizable SKUs**—espresso, cold brew, matcha lattes, fruit teas—using **100% bean-to-cup automation**. Features include **auto-tamping, intelligent milk foaming, self-cleaning, and remote IoT fleet management**. Operators oversee multiple locations via smartphone, slashing labor costs by **80%** while achieving **24/7 uptime**.

3. Frozen Innovation: China’s Best Ice Cream Robot Sundae Master (Super Experience Zone 458)

The **AI sundae ice cream robot** transforms soft-serve into an entertainment spectacle. In **30 seconds**, the 6-axis arm layers **original dairy base + 6 fruit coulis + 2 crunch toppings**, yielding **over 20 flavor matrices**. Its **fully enclosed, UV-sterilized cabin** ensures food safety, while **touchless ordering** and **modular mobility** make it the **top ice cream robot for high-traffic**

venues—airports, malls, and scenic spots.

4. Expanding Portfolio: Bubble Tea & Bartender Robots

Beyond coffee and desserts, Anno previews its **bubble tea robot** and **bartender robot** lines. The **AI bubble tea robot** handles **tapioca cooking, precise syrup dosing, and sealed-lid delivery** with zero cross-contamination. Meanwhile, the **AI bartender robot** shakes, stirs, and garnishes classic cocktails with **0% recipe deviation**, certified for **global hospitality compliance**.

Why Anno Robot Remains the Industry Benchmark

Metric

Anno Robot Advantage

Patent Protection

70+ national patents, 27 core utility models

Consistency

98% latte art replication, 0% recipe error in cocktails

ROI

One kiosk = full café; labor savings ≥80%; 24/7 operation

Certifications

ISO 9001, CE, FCC; food-grade 304 stainless + UV sterilization

Global Reach

Deployed in 60+ countries; supports 10+ payment gateways & languages

Support

Lifetime system maintenance, 90-minute online training, 24/7 remote diagnostics

Strategic Deployment Scenarios

Anno's kiosks thrive in **high-footfall micro-locations**:

- **Scenic areas & theme parks** – *AI coffee robot + ice cream robot combo stations*
- **Airports & hospitals**—*24/7 fresh-ground coffee + contactless payment*
- **Office lobbies & campuses** – *Bubble tea robot for Gen-Z consumers*

Their **overnight mobility** allows operators to chase peak demand—festivals, concerts, or pop-up events—maximizing **revenue per square meter**.

Industry Validation & Media Spotlight

- **CCTV News Feature** – Multiple primetime segments on Anno's **AI latte art robot**
- **Shenzhen Reputation Product List 2024** – Ranked **#2**
- **Government Endorsements** – Experienced firsthand by Shenzhen Mayor & Macau Chief Executive
- **2024 Guangdong-Hong Kong-Macao Greater Bay Area Star Brand**

Visit Anno Robot at “Light of the Internet” Expo

Free entry with pre-registration – scan the QR code in the official expo app.

Booth Locations:

- **A2 Hall West** – *AI Latte Art & Printing Kiosk*
- **B3 Hall East** – *AI Fresh-Grind Coffee Kiosk*
- **Super Experience Zone 458** – *AI Sundae Ice Cream Robot*

Dates: November 6–9, 2025

Venue: Internet of Light Expo Center, Wuzhen, Zhejiang

Conclusion: Secure Your Competitive Edge with China's Best AI Coffee Robot Solutions

As global labor costs rise and consumer demand for **instant, Instagram-worthy experiences** surges, **Anno Robot** delivers the **top AI coffee robot, AI coffee machine, ice cream robot, bubble tea robot, and bartender robot platforms** that guarantee **consistency, hygiene, and profitability**.

Anno Robot – Redefining unmanned F&B retail, one robotic masterpiece at a time.
