

DaoBit and Tether Join Forces at Blockchain Bangkok 2025

Bangkhen, Bangkok Nov 11, 2025 ([Issuewire.com](https://www.issuewire.com)) - In 2025, Bangkok became the center of global blockchain innovation.

At the “Blockchain Bangkok 2025” event, DaoBit officially announced a strategic partnership with Tether to jointly advance digital asset security, compliance, and global ecosystem development.

The collaboration focuses on stablecoin payments, cross-border settlement, and asset custody integration.

By connecting to the USDT clearing system, DaoBit will achieve instant, transparent, and efficient fund circulation across its platform, creating a safer and more efficient trading environment for global users.

Zachary Flynn, CEO of DaoBit, stated:

“This partnership with Tether is not only a technological alliance but also an extension of trust. Together, we aim to build a transparent, efficient, and forward-looking financial infrastructure powered by stablecoins.”

At the event, DaoBit’s booth attracted global investors, developers, and industry leaders. Both parties

unveiled a prototype of the “Decentralized Settlement Channel,” marking a major milestone in DaoBit’s path toward compliant fintech innovation.

Technology builds trust. Cooperation shapes the future.
DaoBit × Tether — Empowering the next era of digital finance.
