

DOC Services and Spirit of Math Partner to Bring International Spirit of Math Contest to Algeria

for 2025-26 School Year

North York, Ontario Nov 4, 2025 ([IssueWire.com](https://www.issuewire.com)) - [DOC Services](#) and [Spirit of Math](#) are thrilled to announce an exciting collaboration that will bring the International Spirit of Math Contest to Algeria for the 2025-26 school year.

The partnership is a continuation of Spirit of Math's unwavering commitment to promote co-operation, inspire confidence and release the genius in every child all around the world. This collaboration will give Algerian students the opportunity to showcase their abilities on an international stage, while growing their confidence and skills which they will need for future success.

"At Spirit of Math, we are dedicated to revolutionizing education for students everywhere," said Kim Langen. "We are excited to support DOC Services in their mission to cultivate young talent and help students realize their greatest potential."

DOC Services, a leading educational services and event management company based in Algeria, brings over a decade of experience in empowering students through innovative learning initiatives. Known for its collaboration with schools and institutions nationwide, DOC Services has organized academic Olympiads, delivered specialized training programs, and created platforms for students to engage in transformative educational experiences. With a steadfast commitment to quality, professionalism, and student success, the company continues to shape the future of education in Algeria.

As a strategic partner, DOC Services joins forces with Spirit of Math to introduce the Spirit of Math Contest to Algerian students for the 2025-2026 academic year. This partnership opens new doors for high-performing students to explore advanced mathematical concepts and compete on an international stage. Together, we are expanding access to world-class problem-solving opportunities, fostering academic excellence, and inspiring the next generation of mathematical thinkers across Algeria.

The partnership is one of many collaborations Spirit of Math is undertaking with international organizations to bring the International Spirit of Math Contest to every corner of the world. Competitive events such as these offer children an excellent opportunity to develop important skills such as analysis, problem solving and critical thinking. They also get the personal satisfaction (and motivational boost) of tackling and conquering some of the hardest questions.
