

# **Dr. Suman Sahoo Launches Advanced Laparoscopic Kidney Stone & Cancer Treatment Awareness Program in Bhubaneswar**

**Modern Laparoscopic Technology for Better Healing**

**Bhubaneswar, Odisha Nov 19, 2025 ([Issuewire.com](https://www.Issuewire.com)) - Dr. Suman Sahoo Launches Advanced Laparoscopic Kidney Stone & Cancer Treatment Awareness Program in Bhubaneswar**

Renowned urological surgeon **Dr. Suman Sahoo**, widely recognized as the [best uro oncologist in Bhubaneswar](#) and trusted as the **best doctor for kidney stone treatment in Bhubaneswar**, has announced a city-wide awareness initiative to educate patients and the general public on modern, minimally invasive treatment options for kidney stones and urological cancers.

The program, scheduled throughout November 2025, aims to promote early diagnosis, timely treatment, and awareness of breakthroughs in **laparoscopic and advanced endoscopic technology** that significantly improve patient outcomes.

### **Modern Laparoscopic Technology for Better Healing**

Dr. Suman Sahoo's center has recently introduced enhanced **laparoscopic urology systems**, enabling faster, safer, and more precise surgeries for conditions such as:

- Kidney stones
- Prostate cancer
- Bladder cancer
- Kidney (renal) cancer
- Ureteric obstruction
- Complex urological tumors

These new-generation surgical tools support improved visualization, reduced blood loss, smaller incisions, shorter hospital stays, and quicker patient recovery.

“Laparoscopic and endoscopic advancements are transforming urology,” said Dr. Sahoo. “Our goal is to ensure that people in and around Bhubaneswar have access to world-class treatment without needing to travel outside the state.”

### **Rising Kidney Stone Cases: Why Awareness Matters**

Kidney stone cases continue to rise due to lifestyle factors, dehydration, and dietary habits. Many patients delay treatment out of fear of painful surgery or lack of understanding about modern options.

The awareness program will highlight safe, minimally invasive solutions such as:

- **RIRS (Retrograde Intrarenal Surgery)**
- **PCNL (Percutaneous Nephrolithotomy)**
- **URS (Ureteroscopy)**
- **Laparoscopic stone removal for complex cases**

Dr. Sahoo emphasizes that most kidney stone procedures today require **no large incisions**, allowing patients to return to normal life in just a few days.

## **Fighting Urological Cancers with Early Detection**

As the **best uro oncologist in Bhubaneswar**, Dr. Sahoo stresses that early detection is the key to successful outcomes in cancers like prostate, kidney, and bladder cancer. The November initiative will include:

- Free awareness lectures
- Screening recommendations
- Guidance on warning signs
- Patient counseling sessions
- Interactive Q&A with families

“Cancer fear often stops people from getting evaluated. Awareness can save lives,” Dr. Sahoo stated.

## **Community-Centered Awareness Events**

The campaign will be held across hospitals, community centers, corporate offices, and digital platforms. Topics will include:

- **Symptoms of kidney stones and when to seek help**
- **Myths vs. facts about urological cancers**
- **Benefits of laparoscopic surgery**
- **Diet, hydration, and lifestyle for kidney health**
- **Modern screenings for early cancer detection**

Media channels are invited to cover these programs to help spread life-saving information.

## **A Commitment to Bhubaneswar’s Health**

Dr. Suman Sahoo has earned the trust of thousands of patients as the **best doctor for kidney stone treatment in Bhubaneswar**, combining advanced surgical skill with compassionate care. His center continues to pioneer new technologies that elevate the region’s healthcare standards.

“Our mission is simple — to educate, treat, and empower people,” he added. “Awareness is the first step toward a healthier community.”
