

EazyERP and Recibo Join Forces to Revolutionize Enterprise Solutions in India

FundTQ Advises Strategic Merger of EazyERP and Recibo Technologies for Market Expansion

Gurgaon, Haryana Nov 3, 2025 ([Issuewire.com](https://www.issuewire.com)) - EazyERP Technologies, one of India's top three companies in Enterprise Resource Planning (ERP) and Distribution Management System (DMS) solutions, has officially merged with Recibo Technologies to expand into the Sales Force Automation (SFA) space. The merger, exclusively advised by FundTQ, aims to provide comprehensive ERP-DMS-SFA solutions to a wider client base and significantly increase market share, targeting a combined revenue of Rs. 200 Crore by 2024 with an EBITDA margin of 40%.

EazyERP Technologies delivers a wide range of solutions including ERP, DMS, SFA, Payroll, Asset Management, CRM, and Customized Solutions across diverse industries. Recibo Technologies is a leading omnichannel platform offering Sales Force Automation, B2B eCommerce, Distribution Management, and Retail Execution solutions for brands and wholesale distributors.

The merger enables both companies to combine expertise and technologies, providing clients with a seamless, end-to-end enterprise solution, and creating opportunities to capture a larger share of the growing ERP, DMS, and SFA market.

"EazyERP Technologies is one of the top 3 DMS companies, and coming together with Recibo Technologies is a tremendous opportunity for both parties to deliver holistic solutions to large enterprise clients. Using **FundTQ's proprietary platform**, it became convenient to identify the right partner from over 45 potential target companies," said **Aanchal Mahani, Growth Partner at FundTQ**.

FundTQ is a unique digital platform specializing in Mergers & Acquisitions, Cross-Border Deals, and Startup Funding, featuring tools like Instant Valuation and Investor Matchmaking. Their AI-driven

platform helps startups accurately value their business and connect with relevant investors in minutes. Currently, FundTQ serves 1,000+ startups and 3,000+ investors globally, facilitating efficient growth and strategic partnerships.

This merger is a strategic step toward creating a unified enterprise solutions platform in India, enabling businesses to leverage ERP, DMS, and SFA technologies under a single umbrella while driving growth, operational efficiency, and market leadership.
