Detroit, Michigan Nov 4, 2025 ([IssueWire.com](https://www.issuewire.com)) - A new force has entered the comic book universe. **EnV-verse Comics** officially launches as an innovative comic book publishing and distribution company dedicated to creating immersive worlds and championing independent creators. To mark its debut, EnV-verse Comics proudly unveils its first two original titles—Mummy **Pirates** and **The Pack: Hunters Rite of Passages**—now available at the official site & local comic book stores. Each title has several cool variant covers.

With a mission to merge classic storytelling with modern visual artistry, **EnV-verse Comics** is building a space where creators and fans connect directly through exciting, original content. The company’s launch lineup reflects its bold vision:

- **Mummy Pirates** — (Genre: Action | Horror | Superhero) An ancient spirit entity was unleashed and attached itself to the first human soul it could; however, it deemed that soul unworthy [The Pack: Hunter Rite of Passage #2] and now searches for a new host to complete its mission, with the trapped souls of a ship of pirates along for the ride. Read these first-ever issues of the

Mummy Pirates and learn about these new heroes and their mission to save the innocent and humanity.
