

Exclusive Opportunity: Maldives Property Expo in Bangkok Offers Direct Access to Luxury Island Ownership

Only Event in Asia Where Buyers Can Meet the Team Behind Coral Residences – Exclusive Featured Development

Bangkok, Thailand Nov 3, 2025 ([Issuewire.com](https://www.issuewire.com)) - Bangkok, Thailand – November 2025: International Property Alerts (IPA) has announced a rare and exclusive opportunity for discerning buyers and investors across Asia: the Maldives Property Expo, taking place on November 8, 2025, at The Collective, One Bangkok.

This focused, invitation-only event is the only property showcase in Asia offering direct access to representatives from Coral Residences, the Exclusive Featured Development from the Maldives.

A Tailored Experience for Serious Buyers

Unlike large-scale property fairs filled with general sales stands, the Maldives Property Expo is designed for qualified buyers seeking privacy, precision, and expert guidance. Attendance is strictly by appointment, ensuring each guest receives personalized consultation time with project leaders and decision-makers.

Attendees will also have the opportunity to meet IPA CEO Chris White, who will be present to discuss buyer strategies and project approvals directly.

“This expo is built for people who are ready to take action,” said Andy Grimley, Head of Global

Distribution at International Property Alerts.

“It’s not a general brochure show—it’s a strategic event designed to connect qualified buyers with real international opportunities. For those serious about Maldivian property ownership, this is your access point.”

Why the Maldives, Why Now

With limited beachfront development land and surging global demand for luxury rental properties, the Maldives has emerged as one of the most secure and sought-after lifestyle investment destinations in the world.

Coral Residences offers an exceptional combination of private beachfront and overwater villas, a hospitality-managed rental program, and a turnkey ownership model that ensures complete peace of mind for investors.
