

Global Labour Mobility Verification Hub (GLMVH) A Dubai-Born GovTech Innovation

GLMVH launches as Dubai's leading AI-powered GovTech platform transforming ethical labour mobility across Africa-Asia markets.

Verification Hub (GLMVH), founded in Dubai and powered by AI, blockchain, and cross-border compliance protocols, announces its international debut as the world's first Africa & Asia labour verification and ethical recruitment governance layer.

Built from the ground up to support workers, governments, and enterprises, GLMVH is on a mission to eliminate unethical recruitment practices, improve worker protection, and strengthen global labour mobility transparency.

Born inside Dubai's fast-growing innovation ecosystem and aligned with UAE Vision 2031, GLMVH positions itself at the intersection of GovTech, AI compliance, and sustainable human mobility.

A Platform Designed for a New Labour Era

GLMVH integrates:

AI-powered worker identity verification

Blockchain backed recruitment transparency

Cross-border compliance checks for agencies & governments

Digital labour mobility dashboards for Africa & Asia migration flows

Ethical recruitment scoring & audit systems

This GovTech innovation connects the UAE, GCC, Africa, and Asia into one trusted verification ecosystem, reducing fraud, exploitation, and misinformation while increasing trust, traceability, and safety for global workers.

A Founder's Mission Backed by Real Global Need

"GLMVH was born from lived experience, from seeing how many workers suffer from misinformation, unsafe channels, and unethical agents. Dubai gave me the vision and global platform to build a solution for millions."

Abdullah Habibu, Founder & CEO of GLMVH;

With over eleven years working around global labour operations and compliance environments, Founder Abdullah Habibu is building GLMVH as a global blueprint for safe, verified, and transparent labour mobility.

Strategic Alignment With Global Development Goals

GLMVH directly advances:

SDG 8: Decent Work & Economic Growth

SDG 10: Reduced Inequalities

SDG 16: Peace, Justice & Strong Institutions

The platform provides digitized verification tools for:

Ministries of Labour

Recruitment Agencies

Consulates & Embassies

Foreign Missions

Employers & HR Ecosystems

Growing International Attention

The GLMVH movement has already begun attracting regional and global interest, especially following strategic engagements at major Dubai innovation events including /function1 by Google Developers GDG, Dubai Business Forums, Dubai Doers Summit and industry roundtables.

Several organizations across Africa and Asia have initiated early-stage partnership conversations, recognizing GLMVH's potential as a global compliance layer for the future of labour migration.

What's Next for GLMVH

GLMVH is preparing for its next major pilot phase, focusing on:

Ghana youth labour mobility, ethical recruitment, diaspora coordination

UAE cross-border verification and compliance

Africa & Asia Corridors secure migration pathways

The team is also submitting proposals to global accelerators, GovTech innovation funds, and impact-driven organizations to expand the platform's reach.

About GLMVH

The Global Labour Mobility Verification Hub (GLMVH) is a Dubai-born GovTech platform dedicated to transforming global labour mobility. By merging AI, blockchain, and ethical governance frameworks, GLMVH builds a safer, more transparent ecosystem for workers, agencies, and governments worldwide
