

Introducing Raman Sharma, MD, FACC, RPVI: Expert Interventional and Endovascular Cardiologist at Mount Sinai

Advancing Complex Cardiovascular Care at the Zena and Michael A. Wiener Cardiovascular Institute

New York City, New York Nov 3, 2025 ([Issuewire.com](https://www.issuewire.com)) - Raman Sharma, MD, FACC, RPVI, is an accomplished interventional and endovascular cardiologist with a wealth of expertise in complex percutaneous coronary interventions and the management of peripheral arterial and venous diseases, particularly focusing on aortoiliac, lower extremity, carotid, and renal revascularization. He joined the Zena and Michael A. Wiener Cardiovascular Institute as an Assistant Professor of Medicine and Assistant Director of Endovascular Intervention Program at The Mount Sinai Hospital, specializing in Endovascular Interventions, on July 1st, 2021.

Dr. Sharma's affiliations extend to multiple Mount Sinai facilities, including Mount Sinai Fuster Heart Hospital, Mount Sinai Morningside, Mount Sinai Queens, Mount Sinai West, Mount Sinai Doctors - Scarsdale, Mount Sinai Doctors - Yonkers, Mount Sinai Doctors - Jackson Heights, ODA Quality Health Center, and Global Medical Care Associates, enhancing his ability to provide comprehensive cardiovascular care.

Dr. Sharma earned his Medical Degree from the prestigious Icahn School of Medicine at Mount Sinai, where he also completed his residency in internal medicine and general cardiovascular disease fellowship. Continuing his professional journey at Mount Sinai, he excelled as Chief Fellow during his advanced training in interventional cardiology before completing a specialized fellowship in endovascular interventions.

With board certifications in internal medicine, cardiovascular disease, and interventional cardiology, Dr. Sharma is recognized as a Diplomate of the American Board of Internal Medicine. His commitment to advancing cardiovascular care is demonstrated through his active involvement in clinical research, where he has co-authored numerous peer-reviewed manuscripts and contributed to national and international conferences. His research interests include outcomes research, particularly the impact of antiplatelet and direct oral anticoagulants on improving patient outcomes following peripheral artery revascularization.

Dr. Sharma's dedication to patient care sets him apart, as he emphasizes the importance of building personal connections with his patients. "Each day brings new challenges, whether it is solving a complex case, advancing procedural techniques, or improving patient care," he states. "These challenges motivate me to continually learn, adapt, and grow as both a physician and a leader." His passion and commitment to his field were recognized when he received the Special Young Physicians Award in 2024 from the Association of Indians in America.
