

iRapidO Expands Global Outsourcing & BPM Operations to Support U.S. Businesses with End-to-End Managed Services

iRapidO strengthens its U.S. delivery capabilities with scalable BPM, RCM, Finance & Accounting, GCC setup, Property Management, and AI-enabled back-office solutions from India.

Faridabad, Haryana Nov 13, 2025 ([Issuewire.com](https://www.issuewire.com)) - iRapidO Global, a leading BPM and outsourcing company based in India, announced the expansion of its service capabilities to support **U.S. businesses with high-quality, affordable, and technology-enabled business process management solutions**. The company now offers a comprehensive suite of services designed to streamline operations, reduce costs, and enable growth for enterprises, startups, and SMBs across the United States.

iRapidO specializes in **Business Process Management (BPM), Digital Transformation, Healthcare Revenue Cycle Management (RCM), Finance & Accounting Outsourcing, Property Management Support, Payroll Services, HR Operations, and Global Capability Center (GCC) Setup in India**. With a strong operational presence and dedicated delivery teams, iRapidO helps organizations build future-ready systems powered by accuracy, compliance, and intelligent automation.

The company's core service offerings for the U.S. market include:

1. Business Process Management & Digital Transformation

iRapidO provides end-to-end BPM and digital process optimization services, allowing businesses to improve workflow efficiency, reduce turnaround time, and enhance customer satisfaction.

2. Healthcare Revenue Cycle Management (RCM) & Medical Billing

The company delivers complete RCM services including medical billing, coding, claims submission, A/R follow-up, denial management, and payer communication, ensuring faster reimbursements and improved cash flow for providers.

3. Finance & Accounting Outsourcing

From outsourced bookkeeping and accounts payable to tax preparation, audit support, and **Record-to-Report (R2R)** services, iRapidO helps U.S. businesses maintain accurate financials while reducing operational overhead.

4. Fractional CFO & Business Advisory Services

iRapidO's expert advisors support companies with financial strategy, budgeting, forecasting, risk management, and business performance optimization.

5. Global Capability Center (GCC) Setup in India

The company assists U.S. enterprises in establishing **Remote Operations Centers**, captive hubs, and offshore teams in India with full support in planning, infrastructure setup, recruitment, and management.

6. Property Management Back-Office Services

iRapidO supports commercial and residential property managers with lease management, tenant communication, accounting, reporting, maintenance coordination, and 24/7 answering services.

7. Payroll Outsourcing & HR Support

With advanced payroll management solutions, iRapidO ensures accurate payroll processing, compliance management, and secure employee data handling.

Speaking about the expansion, a spokesperson from iRapidO added, **"Our mission is to make global operations simple, efficient, and scalable for U.S. businesses. With our domain expertise and AI-enabled processes, companies can significantly lower operating costs while improving accuracy and productivity."**

iRapidO continues to strengthen its technological footprint with **AI-driven automation, smart reporting, workflow intelligence, and best-in-class compliance frameworks** to deliver exceptional outsourcing performance for clients across industries.

Businesses in the United States looking to outsource processes or build offshore capability centers can connect with iRapidO to explore tailored solutions that support long-term growth and operational excellence.
