

Keith Be Releases Resounding Power Ballad "When Your Heart Hurts"

Washington, D.C, District of Columbia Nov 6, 2025 ([Issuewire.com](https://www.issuewire.com)) - After losing his daughter in 2017, Washington D.C.-based songwriter Keith Be turned grief into purpose. His new single "When Your Heart Hurts" channels that raw honesty into a piano-driven pop ballad that belongs on any singer-songwriter fan's playlist.

A growing voice in the songwriter scene, Keith writes, plays, produces, and performs everything himself from his studio, Greenwich Audio, and the craftsmanship shines through. The track showcases his signature approach to emotional storytelling through stripped-back instrumentation. Fans of modern heartfelt pop artists like Lewis Capaldi will connect with this one immediately.

This release is more than a song for Keith. After his daughter's passing, The Georgia Bird Foundation charity was started in her name to support at-risk youth with free choir access. His growing body of work is a testament to his love and passion for others. The foundation continues to provide young people with opportunities to find healing and community through music.

"When Your Heart Hurts" is available now on all streaming platforms.
