

Keyoma Launches All-Natural Batana Oil with Rosemary for Hair Restoration

Get 30% Off + 3 Free Gifts

New York City, New York Nov 17, 2025 ([Issuewire.com](https://www.issuewire.com)) - Keyoma, the New York City-based leader in natural hair care, is proud to introduce its **all-natural, science-backed Batana Oil with Rosemary**, a revolutionary organic hair oil designed to restore, regrow, and revitalize hair. This launch comes with an exclusive offer: **30% off plus 3 free gifts**, available for a limited time.

Most leading hair care brands cut corners, adding harsh chemicals that leave hair dry, brittle, and prone to loss. Keyoma's solution is different. Their formula uses only **pure, natural ingredients** to detox the scalp, nourish follicles, and promote hair growth. The combination of **Batana Oil**, known for its nutrient-rich, restorative properties, and **Rosemary Oil**, celebrated for stimulating circulation and strengthening roots, creates a potent and safe hair growth solution.

Scientific research backs this approach: a 2015 study demonstrated that rosemary oil is as effective as minoxidil, a popular hair regrowth treatment, but without side effects. When paired with Batana Oil, Keyoma's serum offers **one of the strongest, safest natural hair growth solutions available**.

Unmatched quality is at the heart of Keyoma. Every bottle of Batana Oil is:

- **Sourced directly from Honduras**, ensuring premium quality and potency
- **Manufactured in the USA** under the highest standards
- **Cold-pressed, cruelty-free, and chemical-free** for gentle yet effective results
- **GRAS Certified**, confirming the safety and purity of every ingredient

Customers who have tried Keyoma report **stronger, shinier hair, reduced breakage, and a healthier scalp**, highlighting real results from real scalps. The oil's lightweight, fast-absorbing formula makes it easy to integrate into daily hair care routines.

"Keyoma was created to give people a natural, reliable alternative to chemical-heavy hair products," the company said. "We wanted to offer a formula that detoxifies, nourishes, and supports hair regrowth without any harsh side effects. Batana Oil with Rosemary is our solution, and the results speak for themselves."

Love your hair again—Keyoma is inviting customers to join its community to receive **exclusive deals, product launches, and more**. With a commitment to sustainability, ethical sourcing, and proven results, Keyoma continues to redefine natural hair care for individuals looking to restore hair health safely and effectively.
