At
Dubai Chambers

Dubai, United Arab Emirates Nov 9, 2025 ([Issuewire.com](https://www.issuewire.com)) - The event, led by Hon'ble Industry Minister of India, Shri Piyush Goyal, is scheduled for 12th November 2025 in Deira, Dubai. Mr. Mahadeshwar will be joining the Session: "Emerging Technologies & AI – Innovation Bridge", a

high-impact discussion exploring how **AI, digital infrastructure, fintech, and advanced manufacturing** can drive innovation-led growth and shape the future of cross-border collaboration between India and the UAE.

A globally recognized **Digital Transformation Leader, Serial Entrepreneur, and Social Impact Champion**, Mr. Mahadeshwar brings over **20 years of experience transforming e-commerce and enterprise systems for leading global brands**.

He also serves as a **Business Coach at the Kenan-Flagler School of Business (University of North Carolina, Chapel Hill)**, where he has mentored professionals for over a decade. In recognition of his dedication to human welfare, Mr. Mahadeshwar received the **Highest Award for Human Services (2023)** from the **State of North Carolina, USA**, becoming the **first Asian American** to earn this honor.

As an **Architect of Simpliworks and ElintOm**, Mr. Mahadeshwar leads transformative initiatives in **personalization, omnichannel integration, and data-driven analytics** that empower brands to build **meaningful, long-lasting customer relationships**. His vision continues to bridge **technology, innovation, and human impact** — aligning perfectly with the IBLF Summit’s mission to foster **synergy and innovation between India and the UAE**.

“Technology is no longer just an enabler—it’s the bridge that connects economies, cultures, and possibilities,” says Mr. Mahadeshwar. “I’m honored to be part of this dialogue on shaping a smarter, more connected future between India and the UAE.”
