

Launching Smadlytics Inc — Empowering the Future with 3A Technologies!

Smadlytics Inc, a Delaware-based Artificial Intelligence (AI) startup, proudly announces its official launch. Smadlytics is set to revolutionize the way the world leverages 3A Technologies - AI, Automation, and Analytics

Wilmington, Delaware Nov 9, 2025 ([Issuewire.com](https://www.issuewire.com)) - Smadlytics Inc, a Delaware-based Artificial Intelligence (AI) startup, proudly announces its official launch. Founded by seasoned technology and business leaders, **Smadlytics** is set to revolutionize the way the world leverages **3A Technologies** —

AI, Automation, and Analytics — to address pressing social, economic, and security challenges.

Smadlytics Inc is built on the vision of creating *intelligent, data-driven solutions* that empower organizations and societies to operate smarter, faster, and safer. By combining the power of AI with real-time automation and advanced analytics, Smadlytics aims to bridge the gap between data and decision-making.

“At Smadlytics, we believe in transforming intelligence into impact,” said Mr Ravinder Pal Singh, Global President & CEO. “Our goal is to make advanced AI and analytics accessible and actionable, delivering measurable value for enterprises and communities alike.”

Coming Soon: iATaaS — Intelligent Asset Tracking as a Service

The company’s first major innovation, **iATaaS (Intelligent Asset Tracking as a Service)**, will soon be unveiled. This breakthrough solution is designed to redefine how organizations **track, protect, and optimize moveable assets in real time**, using a powerful fusion of **AI and IoT technologies**.

Commenting on the launch, Mr Kazim Ali, Dubai based early stage investor in Smadlytics, said “Smadlytics isn’t just another AI company; they are bringing a sharp, actionable vision to a market hungry for real solutions. Their commitment to the 'Three A's—AI, Automation, and Analytics—shows a profound understanding of how to build sustainable, high-impact technology. We believe their **iATaaS** platform is perfectly positioned to disrupt the asset tracking sector and deliver immense value to enterprises.”

iATaaS will empower businesses across industries — from logistics and transportation to security and public infrastructure — to achieve new levels of visibility, efficiency, and control over their operational assets.

About Smadlytics Inc

Smadlytics Inc is a new age AI & IOT technology startup headquartered in **Delaware, USA**, focused on building next-generation solutions powered by **AI, Automation, and Analytics (3A Technologies)**. With a team of industry veterans and innovators, Smadlytics is dedicated to developing intelligent platforms that drive smarter decisions and sustainable growth in an increasingly data-driven world.
