

London Juice Company Expands Global Presence with Halal and Alcohol Free Beverages

The UK-based beverage manufacturer announces new private-label partnerships and expanded exports to Europe, Asia, and Africa.

London, United Kingdom Nov 6, 2025 ([Issuewire.com](https://www.issuewire.com)) - London, United Kingdom – November 6, 2025 – London Juice Company, a UK-based producer of premium halal beverages, today announced the expansion of its international distribution network and private-label beverage program. The company continues to lead the non-alcoholic drink market with additive-free, certified, and globally compliant

products crafted to international standards.

London Juice Company's growing portfolio includes fruit juices, mocktails, basil seed drinks, and coconut water under popular brands such as Mr. Mojito, Mr. Basil, and RAW Coco Burst. Each product follows ISO 9001, ISO 22000, HACCP, and GMP manufacturing standards, ensuring unmatched quality and consumer trust.

With production facilities in Vietnam, Thailand, Malaysia, and Turkey, the company now serves more than 50 countries. Its halal certification and export expertise make it a preferred partner for distributors seeking reliable [halal beverages](#) and **private label drinks** opportunities.

"Our focus is on quality, compliance, and long-term partnership," said Adam Smith, Head of Global Communications at London Juice Company. "We provide distributors with flexible OEM solutions and beverages designed for global appeal and sustainable growth."

The company also offers a variety of [additive-free juices](#) and **non-alcoholic mocktails** designed for both retail and hospitality channels. These beverages are produced with no artificial colors or preservatives and adhere to clean-label principles.

Through strategic innovation and consistent quality, London Juice Company continues to redefine global beverage standards, making international trade seamless for importers and wholesalers interested in **export beverages** that combine taste, safety, and certification integrity.
