"Today was my first visit to LP Dental with Dr. Yang. My whole experience was wonderful. Beginning with April who scheduled my appointment, and was so welcoming when I showed up. Next I met with Alex the dental hygienist. She was very thorough, gentle and explained everything. So great! She really took the time to get to know me as well. I met with Dr. Yang towards the end of my visit and she was fabulous. She took her time, looked at my mouth, asked lots of questions about what my goals were as far as my mouth was concerned, and let me know what we were going to work on to get my dental health to where I would like it to be. It was a wonderful experience all around. You should definitely visit."
