*TERMS AND CONDITIONS APPLY
OFFER VALID WHILE SUPPLIES LAST

Spring, Texas Nov 13, 2025 (Issuewire.com) - [National Dental Care](http://NationalDentalCare.com) (NDC) is proud to announce the official opening of its state-of-the-art Spring location at **18930 Kuykendahl Rd, Unit A, Spring, TX 77379**. This new facility expands NDC's commitment to delivering high-quality, affordable family and surgical dentistry, serving the growing communities of Spring and the surrounding areas.

Building on the success of its Cypress location at 12235 Queenston Blvd. #C, Cypress, Houston, TX 77095, the Spring clinic brings enhanced access to comprehensive dental services in a comfortable, modern environment.

A Full Spectrum of Dentistry for Every Stage of Life

At the Spring clinic, NDC offers a broad continuum of dental care, from routine preventive services to advanced oral & maxillofacial surgery, implant dentistry, cosmetic transformations, and sedation options for anxious patients. Services include:

- [General & family dentistry](#): cleanings, exams, fillings, X-rays
- [Restorative](#) & surgical: root canals, crowns/bridges, extractions, implants
- Cosmetic dentistry: Invisalign, veneers & no prep veneers, whitening, dental implants and “teeth in a day”
- Laser dentistry, sedation dentistry and emergency treatment

With this full-service model, patients can receive nearly all their dental needs under one roof, instead of being referred out, while enjoying the convenience of a local Spring address.

A Message from Our Doctors

Dr. Levon, co-founder of National Dental Care, shared his excitement about the new location:

“Our goal has always been to make exceptional dental care accessible to every family. With the Spring clinic, we’re bringing the same level of advanced technology and personal attention that our patients in Cypress have come to trust, right into a growing community that deserves top-tier dental options close to home.”

Dr. Tan, co-founder of National Dental Care alongside Dr. Levon, added:

“We believe in a patient-first approach, where comfort, honesty, and quality come together. Whether it’s a child’s first dental visit or a complex surgical case, we want every patient to feel confident, informed, and cared for from start to finish.” Dr. Tan

The new Spring clinic is built with patient comfort in mind, from gentle sedation options for dental anxiety, to modern imaging systems, to a welcoming environment where patients feel heard and cared for.

Why Spring, Why Now?

The decision to expand into Spring reflects NDC’s recognition of the area’s rapidly growing population and the need for accessible dental care. The new clinic is positioned to serve communities such as Klein, Champion Forest, Louetta, Northgate Forest, Gleannloch Farms, Willowbrook and nearby neighborhoods.

With both the Cypress and Spring locations, NDC provides flexibility and choice for existing and new patients across the northwest Houston region.

Special-Opening Promotions & New-Patient Offers

To welcome the Spring community, NDC is launching special promotions for new patients and families at the new clinic location. These offers include discounted exams for children and adults, and complementary consultations for cosmetic and implant cases. Patients are encouraged to ask about promotional plans when scheduling.

About National Dental Care

Founded to bring high-quality, comfortable dental treatment to families in the Houston area, National Dental Care is dedicated to listening to each patient's unique needs, customizing care plans, and creating a relaxing, anxiety-free environment. Whether patients need a simple cleaning or a full smile makeover, NDC aims to provide safe, effective, and transparent treatment in a friendly setting.
