based divorce mediation firm, is transforming how couples and families approach separation by offering a compassionate, convenient, and affordable alternative to traditional divorce litigation. Through guided, professional mediation sessions, the firm helps couples navigate divorce from start to finish — saving time, money, and emotional strain.

“At Affordable Mediation, we believe divorce doesn’t have to be a battle,” said **Darlene Tarnoski**, professional mediator and founder of Affordable Mediation. “Our goal is to provide couples with a kinder, simpler path to resolution — one that keeps communication open, reduces costs, and promotes healing rather than hostility.”

Affordable Mediation’s services are designed for couples seeking an uncontested divorce, whether simple or complex. Clients can work with certified mediators entirely online or in person to reach fair, mutually agreeable settlements. The firm manages everything from mediation and settlement preparation to filing all required court documents, offering a **complete, end-to-end solution**.

Affordable Mediation Services include:

- **Divorce Mediation:** A neutral, structured process helping couples reach fair agreements on property, support, and custody matters.
- **Child Custody & Co-Parenting Mediation:** Collaborative sessions focused on developing child-centered parenting plans.
- **Legal Document Assistance (LDA):** Affordable filing and documentation support to finalize divorce judgments correctly and efficiently.

With rates starting at **\$225 per hour for remote mediation**, most uncontested divorces are completed within **6–8 hours**, a fraction of the time and cost of traditional litigation. Remote video sessions eliminate travel, making the process even more accessible for busy clients.

Beyond simplifying the legal process, Affordable Mediation also helps clients address the **financial realities of divorce**. “Divorce can create tremendous financial pressure,” said Tarnoski. “We help clients understand their options and make balanced, confident decisions about their property, debts, and future planning.”
