

Plantation Bay's Burger Challenge Goes Global — and Takes on Gordon Ramsay

From Cebu to the world: A resort-made burger that's confident enough to face the best, now featured at Mactan–Cebu International Airport.

Central Visayas, Philippines Nov 20, 2025 (IssueWire.com) - In a bold culinary move that turned heads both locally and abroad, **Plantation Bay, a Real Resort with a Real Spa**, issued a friendly challenge to celebrity chef Gordon Ramsay — pitting its signature burger against his.

This playful competition celebrates not just the art of burger-making, but the creativity and confidence of Filipino culinary talent. Plantation Bay's burger is crafted with 100% premium beef, fresh-baked buns, and the resort's own signature sauce. The flavor? Juicy, rich, and layered — every bit as memorable as the setting where it's served.

The resort's "Burger vs. Ramsay" campaign even made it to the Mactan–Cebu International Airport, where global travelers caught a glimpse of Cebu's growing gourmet reputation. It's a delicious statement: that world-class taste can come from right here at home.

Guests can visit Plantation Bay to taste the burger that dared to go toe-to-toe with Ramsay — served with a side of tropical paradise.
