

Propstars.in Announces the Launch of Its Real Estate Affiliate Network in India, Powered by Lumax Realty

Pune, Maharashtra Nov 10, 2025 ([IssueWire.com](https://www.IssueWire.com)) - Propstars.in, a new-age real estate collaboration platform, has announced the launch of its affiliate network designed to streamline property referrals for individuals and professionals across the country. The initiative is powered by Lumax Realty, ensuring transparent reward structures and timely payout processes for affiliates who contribute qualified leads.

Propstars.in offers a centralized platform where real estate consultants, channel partners, and aspiring affiliates can access verified listings from trusted developers. Participants can refer property leads and earn structured payouts after verified approvals, enabling greater confidence and accountability within the ecosystem.

The integration with Lumax Realty strengthens operational transparency by supervising referral validation and reward settlements—critical elements that have traditionally been informal and inconsistent in the Indian real estate sector.

Key Highlights

- Powered by Lumax Realty for transparent affiliate rewards

- Verified residential and commercial property inventory access
- Structured lead referral and approval process
- Timely payouts for qualified referrals
- Accessible to new and experienced real estate affiliates

Founder **Rohit Deepak Rahinj** stated,

“The affiliate structure in Indian real estate has long lacked standardization. Propstars.in aims to create a transparent ecosystem built on trust and fair practices. Our partnership with Lumax Realty strengthens our ability to ensure timely validation and rewards for every qualified referral.”

The platform also aims to encourage participation from individuals interested in real estate without requiring full-time involvement, creating opportunities for people across various industries to generate supplemental earnings through property referrals.

Powered by Lumax Realty

Lumax Realty provides operational support to ensure transparency in referral tracking, documentation, commission validation, and timely rewards. This collaboration aims to reinforce trust and credibility within the affiliate ecosystem by supervising compliance and settlement cycles.
