

Seedventure Limited Launches Crypto Fund and Opens Syndicate for New Investors to Join the Blockchain Revolution

Essex, United Kingdom Nov 3, 2025 ([Issuewire.com](https://www.issuewire.com)) - *Seedventure Limited* , a leading early-stage investment and advisory firm, has officially announced the launch of its **Seedventure Crypto Fund**, a dedicated investment vehicle focused on supporting early-stage blockchain, Web3, and digital asset ventures worldwide.

The fund is designed to empower **innovators building the future of decentralized finance, blockchain infrastructure, and real-world asset tokenization**, while also providing a structured entry point for **qualified investors seeking exposure to the growing digital asset economy**.

*“The global financial ecosystem is being reshaped by blockchain technology, and we see this as an opportunity to back the builders driving that transformation,” said **Jaswant Singh**, Founder and Managing Director of Seedventure Limited. “The Seedventure Crypto Fund is not just capital—it’s a bridge connecting ethical investors with visionary founders who are building sustainable, transparent, and high-impact blockchain solutions.”*

The fund’s investment focus will include:

- **Decentralized Finance (DeFi) & Tokenized Assets**
- **Blockchain Infrastructure & Interoperability Projects**
- **AI and Blockchain Integration**
- **Real-World Asset (RWA) Tokenization**
- **Sustainable and Green Crypto Ventures**

In addition to deploying capital, Seedventure will offer **strategic mentorship, regulatory compliance support, and global networking access** to portfolio founders.

“Seedventure has always believed in ethical, transparent, and impact-driven investing,” Singh added. “We’re now extending this vision to crypto—inviting investors who want to participate responsibly in shaping the next chapter of digital finance.”

The **Seedventure Crypto Fund Syndicate** is now **open for new investors** seeking to join the initiative. This provides a unique opportunity for **individual and institutional investors** to co-invest alongside Seedventure in a diversified blockchain portfolio backed by deep due diligence and strategic oversight.
