London, United Kingdom Nov 15, 2025 ([IssueWire.com](https://www.IssueWire.com)) - **Books To Life Marketing** proudly presents ***Coyote Hunting Farm Style: Take Two*** by **Sheri Baity**, an inspiring and groundbreaking true story of grit, perseverance, and advocacy. When faced with a coyote problem on her Pennsylvania farm, Sheri took matters into her own hands — learning, adapting, and ultimately transforming the hunting world for generations to come.

Through determination and countless miles traveled, Sheri spearheaded the effort that led to the **passage of HB1188 in November 2020**, legalizing the use of **Night Vision and Thermal Imaging for predator hunting in Pennsylvania** — a major victory that hunters had long awaited. Known by her peers as “Dead Eye,” “Crow Woman,” “The Call Girl,” “Coyote Lady,” and “Coyote Huntress,” Sheri Baity stands as a true pioneer in a male-dominated field, proving that passion and persistence can indeed rewrite the rules.

Reviews

“Wholesome and insightful. A great addition to my collection of predator hunting titles.”

“Just a shoutout to predator hunters who hunt with Night Vision or Thermal — this is the lady who made it happen for us! HB1188 should have been named the ‘*Baity Bill*.’ She spent hours, miles, and countless meetings in Harrisburg, PA. Let’s all support her and her book!”

“When faced with a coyote problem on her farm, Sheri took matters into her own hands and became a seasoned coyote hunter, reaping an impressive harvest.”

“You, in my eyes, are a true professional coyote hunter.”

Author Bio

Born and raised by her devoted parents, Joyce and Sam, **Sheri Baity** grew up the youngest of four children and proudly calls herself “Daddy’s Little Girl.” After nearly a decade in Hollywood’s fashion industry, she returned home to care for her ailing father, cherishing the bonus years they gained

together after his surgeries.

In the early 1990s, Sheri married a dairy farmer and began hunting to protect their farmland. With no formal training, she taught herself the skills needed to handle the growing coyote population. Her success drew attention — leading her to give seminars at **Bass Pro Shops**, **Cabela's**, and **Gander Mountain**, and eventually start her own game call company, **Crows Nest Calls**.

Sheri's journey culminated in an extraordinary achievement — advocating tirelessly to legalize night vision and thermal imaging for predator hunting in Pennsylvania. It took 3½ years of persistence, countless miles, and personal sacrifice, but her efforts changed the future of hunting in her state forever.

“Once again, I had no sponsors — but I had a world of supporters. You all know who you are, and I thank you! It was my time, miles, money, and voice. Everyone wanted this to happen, but no one really had the time to walk the walk.”

Today, Sheri lives surrounded by the things she loves most — her daughter (a renowned archaeologist), her granddaughter (a U.S. Army combat medic), her two playful collies, and the great outdoors.
