

SkillonIT IT Academy Launches in Buldhana to Empower Students with Real-World Tech Skills

SkillonIT Learning Hub Private Limited opens doors to the next generation of IT talent through hands-on learning in blockchain, app development, and digital innovation.

Buldhana, Maharashtra Nov 1, 2025 ([IssueWire.com](https://www.issuewire.com)) - SkillonIT IT Academy, operated by **SkillonIT Learning Hub Private Limited**, proudly announces its launch in Buldhana, Maharashtra. The academy's mission is to make high-quality IT education accessible to students, professionals, and entrepreneurs across India.

SkillonIT focuses on bridging the gap between traditional education and today's rapidly evolving digital industry. With expert-led programs in **Blockchain Development, Full-Stack Development, App Development, Digital Marketing, UI/UX Design, Game Development, and Web Technologies**, the academy is shaping the next generation of innovators.

"At SkillonIT, our goal is to transform learners into creators. We believe in practical, project-based learning that builds confidence and employability," said the Founder of SkillonIT IT Academy.

The academy offers **certification courses, internship assistance, and personalized mentorship**, enabling learners to gain hands-on experience that directly applies to real-world tech careers.

SkillonIT aims to uplift rural and urban youth by creating opportunities in the digital economy through practical education and innovation.

Key Highlights:

- Comprehensive IT and tech programs
- Industry-focused, hands-on training
- Expert mentorship and live projects
- Internship & job placement assistance
- Located in the heart of Buldhana
