

Skyux Partners with Global Capital Institutions to Build an Open and Trustworthy Web3 Ecosystem

Barrow, Alaska Nov 5, 2025 ([IssueWire.com](https://www.issuewire.com)) - **Skyux Web3 Exchange Inc.** has announced strategic partnerships with multiple international capital firms and ecosystem partners to jointly advance the construction of a global digital finance ecosystem. This marks a major milestone in **Skyux's brand evolution and accelerated global expansion.**

During the announcement, **Alexander Schmidt**, CEO of Skyux, stated: *"Our goal is not merely to become a global exchange, but to serve as the foundational infrastructure of the future digital financial ecosystem."*

Skyux has formed strategic alliances with **Dragonfly Capital, SoftBank Vision Fund, Polygon Labs, HashKey Capital, and Royoso International**, among others. These partnerships bring **strong capital support, advanced technologies, and global resource networks**, empowering Skyux's compliance system, security framework, and innovation ecosystem.

Through multi-party collaboration, Skyux is building an **open, transparent, trustworthy, and intelligent financial ecosystem**. To further promote decentralized development, the company plans to launch its **governance token, SKY**, and establish a **DAO community governance model**, allowing users to become true co-builders of the platform.

Additionally, Skyux will launch a **Web3 Innovation Fund** to support frontier projects such as on-chain applications, AI trading engines, and decentralized financial infrastructures — driving sustainable ecosystem growth.

In his concluding remarks, Schmidt stated:

"Skyux is the bridge connecting traditional finance with the Web3 world. We build trust through

compliance, drive innovation through technology, and shape the future through collaboration. The new era of digital finance begins with Skyux."
