

Spokes Digital to Attend MJBizCon 2025 in Las Vegas, Showcasing Data-Driven Marketing Innovation

Spokes Digital, a leading cannabis digital marketing agency in the USA, will attend MJBizCon 2025 at the Las Vegas Convention Center from December 2-5, showcasing its expertise in compliant, data-driven marketing strategies for cannabis brands.

Las Vegas, Nevada Dec 23, 2025 ([IssueWire.com](https://www.issuewire.com)) - Spokes Digital, the leading cannabis digital marketing agency in the United States, announced today that it will be attending *MJBizCon 2025* at the Las Vegas Convention Center from December 2-5, 2025. As the premier business event for the global

cannabis industry, MJBizCon brings together the most influential brands, investors, marketers, and entrepreneurs shaping the next era of cannabis commerce.

Spokes Digital's attendance highlights the agency's continued commitment to driving measurable growth and ROI for cannabis brands through compliant, data-driven marketing solutions. With deep expertise across Google, Meta, programmatic, SEO, and omnichannel campaigns, Spokes Digital empowers dispensaries and cannabis businesses to connect authentically with audiences in an evolving regulatory environment.

"We're thrilled to join the MJBizCon community again and connect with industry innovators who are redefining the future of cannabis marketing," said Varun Patel, CEO of Spokes Digital. "Our mission has always been to combine advanced analytics, smart creative, and compliance-first strategy to help cannabis brands scale responsibly."

Attendees can connect with the Spokes Digital team throughout the conference to explore digital growth opportunities, discuss new marketing technologies, and share insights into compliant advertising strategies that drive sustainable business traction.

MJBizCon 2025, presented by **MJBizDaily**, is the largest B2B cannabis conference in the world, featuring 1,400 exhibitors, 100+ speakers, and thousands of industry professionals exploring topics from investment and cultivation to marketing, technology, and consumer trends.
