

Staten Island Endocrinologist Richard S. Hoffman, MD, FACP, Marks 50+ Years of Excellence in Patient-Centered Care

A Legacy of Expertise in Endocrinology, Diabetes, and Metabolism at Staten Island University Hospital

Staten Island, New York Nov 5, 2025 ([Issuewire.com](https://www.issuewire.com)) - Renowned endocrinologist Richard S. Hoffman, MD, FACP, is celebrating a remarkable career that spans over five decades, during which he

has become a pivotal figure in the management of complex endocrine disorders. Affiliated with Staten Island University Hospital, a key component of the esteemed Northwell Health System, Dr. Hoffman's extensive experience and unwavering commitment to patient care have solidified his reputation as a leading expert in the field.

His journey began at SUNY Downstate College of Medicine, where he earned his Medical Degree in 1965. Following his graduation, Dr. Hoffman completed his internship and residency in internal medicine at Long Island College Hospital. His fervor for endocrinology propelled him to further his training with a residency at Boston City Hospital, where he refined his skills in diagnosing and managing complex endocrine issues.

Throughout his illustrious career, Dr. Hoffman has made significant contributions to endocrinology, diabetes, and metabolism. His dedication to education is highlighted by his role as a Teaching Fellow at Tufts University School of Medicine. He also enhanced his expertise through positions as a Clinical Fellow at Boston City Hospital and a Research Fellow at Harvard Medical School and Thorndike Memorial Laboratory, focusing on pioneering advancements in endocrinology.

As a Fellow of the American College of Physicians (FACP), Dr. Hoffman is double board-certified in internal medicine and endocrinology, diabetes, and metabolism. His commitment to ongoing medical education and advancements ensures that his patients receive the highest quality of care, tailored to meet their specific needs.

In his role at Staten Island University Hospital, Dr. Hoffman aims to continue his legacy of exceptional endocrinology care within the community. His wealth of knowledge and experience will undoubtedly enhance the level of specialized service available to patients seeking treatment for endocrine disorders.

Reflecting on his career, Dr. Hoffman shares, "It has been a privilege to care for my patients and contribute to the field of endocrinology. I look forward to continuing this important work for many more years to come." As he marks this milestone, Dr. Richard S. Hoffman remains steadfast in his mission to improve the lives of those he serves through compassionate and expert medical care.
