

Suraj Brass Industries Unveils Precision Brass Components for Global Engineering Markets

Suraj Brass Industries, one of India's trusted names in precision metal engineering, has announced the expansion of its high-quality brass components portfolio tailored for global manufacturing and engineering sectors.

Jamnagar, Gujarat Dec 19, 2025 ([IssueWire.com](https://www.issuewire.com)) - Suraj Brass Industries, one of India's trusted names in precision metal engineering, has announced the expansion of its high-quality brass components portfolio tailored for global manufacturing and engineering sectors. With decades of expertise in the brass industry, the company continues to strengthen its position as a reliable partner for OEMs, exporters, and industrial suppliers seeking durable and precision-machined brass parts.

The enhanced product range includes custom-engineered [brass turned parts](#), brass fittings, inserts, connectors, electrical components, and a wide range of specialty items designed to support applications in plumbing, electricals, automotive, electronics, lighting, and industrial machinery. Each component is manufactured using advanced CNC machining, forging, and milling technologies to ensure accuracy, uniformity, and long-term performance.

Suraj Brass Industries emphasizes quality above all, adhering to strict material standards and offering multiple brass grades, including CZ121, CZ122, lead-free brass, and DZR brass to meet international compliance requirements. Every component undergoes thorough inspection and precise measurement to guarantee dimensional accuracy, corrosion resistance, and product reliability.

With its strong focus on customization, the company allows global clients to request tailor-made brass components based on technical drawings, custom sizes, threading requirements, and surface finishes. Surface treatments such as nickel plating, chrome plating, and natural brass polishing further enhance durability and product aesthetics.

By integrating modern manufacturing systems, skilled craftsmanship, and a customer-first approach, Suraj Brass Industries is committed to delivering consistent quality at competitive pricing. The company continues to supply large-scale orders to clients in the USA, UK, Europe, Australia, and various Asian markets.

This expansion reinforces Suraj Brass Industries' mission to provide world-class brass components that meet the evolving needs of international industries, solidifying its reputation as a dependable brass manufacturer from India.
