

Swapnil Tiwari Releases 'Lucknow' — An Electro-Classical Fusion Album Paying Tribute to His Native Place

A soulful blend of Hindustani melody and modern electronic rhythm, Lucknow reimagines the cultural soundscape of Lucknow through five dedicated compositions.

Lucknow, Uttar Pradesh Nov 7, 2025 ([Issuewire.com](https://www.issuewire.com)) - Music producer **Swapnil Tiwari** has released *Lucknow*, a five-track electro-classical fusion album that pays tribute to the artist's native place. The record is now available on major streaming services and can be accessed through the official smart link.

Conceived and produced by Swapnil Tiwari, *Lucknow* blends traditional Indian instrumentation and melodic phrases with contemporary electronic textures and cinematic arrangements—an approach that draws a direct line between Hindustani sentiment and modern production. The EP was released digitally on November 5, 2025.

The five tracks on *Lucknow*—“**Veena in Motion**,” “**Blooming Awadh**,” “**Devotional Drive**,” “**Nights in Lucknow**,” and “**Fusion Mahotsav**”—each explore a different mood and rhythm of the city: from reflective dawns to festive, danceable textures. These track titles and timings are listed on major music services.

“I wanted to translate the vibes and timeless aura of my place into a modern sonic journey,” says **Swapnil Tiwari**. “*Lucknow* is an intimate conversation between memory and present—between classical phrasing and electronic pulse.” Swapnil Tiwari produced and arranged the EP independently. (Artist credits and release listing available on streaming platforms.)
