

Terrifying Paranormal Figure Captured in Montauban: Medium Lionel Girardon Breaks the Silence

A human-shaped light apparition was captured inside the historic Manufacture Royale during a spiritual event.

Montauban, Tarn-et-Garonne Nov 25, 2025 ([IssueWire.com](https://www.IssueWire.com)) - During the “Salon des Arts Divinatoires” held inside the historic **Manufacture Royale**, INAD-certified Pure Clairvoyant Medium **Lionel Girardon** captured one of the most disturbing paranormal photographs recorded in France.

The image reveals a **dark human-shaped silhouette surrounded by intense blue-white energy**, standing in a corridor where Lionel had slipped only moments earlier. A technical analysis confirmed **no camera shake, no distortion, and no digital manipulation**, raising serious questions about the origin of the phenomenon.

When Lionel returned two days later, the owner of the building confirmed frequent unexplained noises and sensations in the location. A pendulum investigation revealed strong energy spikes and whispered syllables resembling attempted communication.

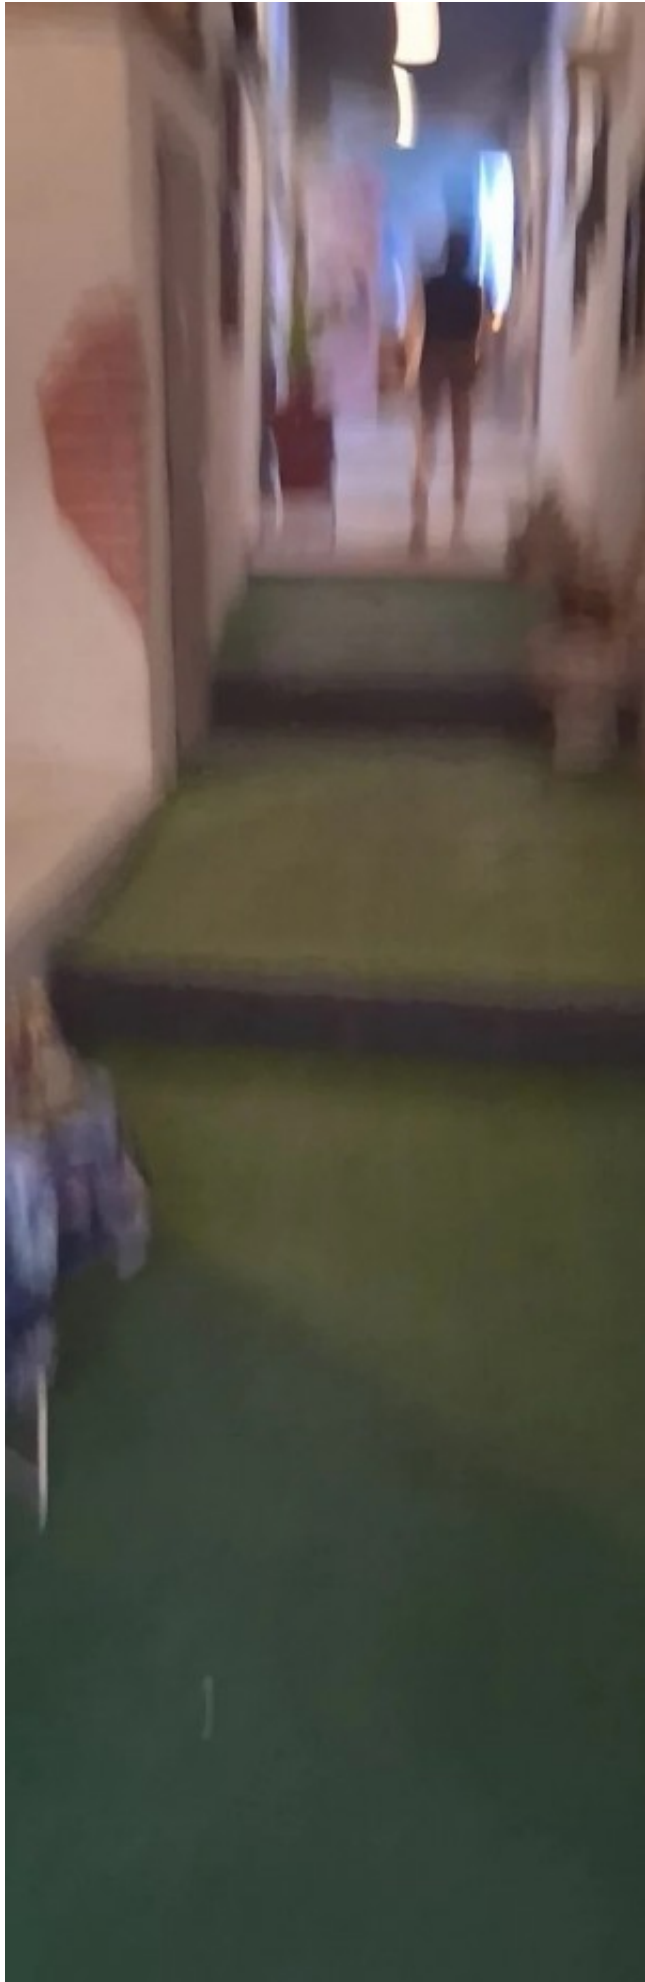

“This presence wanted to be seen,” Girardon explains. “The vibration was powerful but peaceful. Nothing about this was a coincidence.”

The Manufacture Royale may now become one of France’s most intriguing paranormal hotspots.
