

Al-Rabiya unveils Vunyx® Shield Pro Plus: Premium paint protection film from Onyx Coating

AL-RABIYA
auto accessories tr.

Dubai, United Arab Emirates Dec 5, 2025 ([Issuewire.com](https://www.issuewire.com)) - [Al-Rabiya Auto Accessories](#), a leading car care product supplier in the UAE and Middle East, is proud to announce the launch of Vunyx® Shield Pro Plus, the latest [paint protection film](#) (PPF) from Onyx Coating, designed for professional installers seeking the ultimate in clarity, durability, and long-term performance.

Premium protection and maximum gloss

[Vunyx® Shield Pro Plus paint protection film](#) is engineered with German BASF TPU resin to deliver unparalleled optical clarity, impact resistance, and non-yellowing performance. Built to withstand scratches, rock chips, UV damage, chemical exposure, and harsh weather conditions, the film maintains a deep, glossy finish, enhancing the appearance of any vehicle.

Ahmed Allaf, Sales Manager at Al-Rabiya, commented:

"With Vunyx® Shield Pro Plus, our partners now have access to a PPF that combines exceptional protection with stunning visual appeal. This launch underlines our commitment to providing professional installers and car enthusiasts in the Middle East with the highest quality solutions."

Why installers prefer Shield Pro Plus

- **Premium TPU Construction:** 150 µm BASF TPU with multi-layer structure for precise, smooth installations.
- **Heat-Activated Self-Healing:** Minor scratches and swirl marks disappear with heat exposure.
- **Ultra-Gloss Finish:** Gloss readings above 93 GU for a showroom-worthy look.
- **Extreme Durability:** Tested against 2000 hours of QUV weathering, gasoline, detergent, and gravel impact, with no visual change.
- **Installer-Friendly:** Flexible, repositionable adhesive ensures fast and clean installation, even on complex curves.

Technical highlights

- Total Thickness: 7.5 mil (including adhesive)
- TPU Thickness: 150 µm
- Topcoat: 10–15 µm
- Adhesive: Ashland polyacrylate, 25 µm
- Tensile Strength: 23 MPa
- Operating Temperature: –40 °C to +100 °C
- Durability: 7 Years

Enhancing partner options

The launch of Shield Pro Plus expands Al-Rabiya's PPF portfolio, providing partners and customers with more options to suit their business and client needs. Ahmed Allaf added:

"We are continuously striving to enhance our partners' product experience. By offering a wider range of high-quality PPF options, we help installers meet diverse client requirements while maintaining the highest standards of performance and aesthetics."
