WARREN WILLS

La Grande, Oregon Dec 2, 2025 ([IssueWire.com](https://www.IssueWire.com)) - Author Warren Wills introduces readers to an extraordinary new fantasy world with the release of his two-part series, *The World of Taurus: The Huntress Of Artistah* and *The World of Taurus: Travels of the High Queen*. Together, these novels form a sweeping duology that explores bravery, unity, and the rise of a remarkable heroine destined to shape her world's future.

Set against a backdrop of breathtaking landscapes, ancient prophecies, and the timeless struggle between light and darkness, Will's work captures the spirit of classic epic fantasy while creating something wholly original and deeply human.

Book One: *The World of Taurus – The Huntress Of Artistah*

The opening novel, *The Huntress Of Artistah*, introduces Orchid — a fierce and determined young woman from Hielflander, a land known for its expert riders and archers. As a skilled huntress and tracker, Orchid's world is guided by balance, respect for nature, and the quiet strength of her people. But when an ancient evil begins to stir across the lands of Taurus, her ordinary life transforms into an extraordinary quest.

What begins as a simple act of survival soon becomes a journey of destiny. Orchid must step beyond the safety of her village to defend not only her people but the very harmony of the realm. Will's storytelling blends action, heart, and world-building with an almost cinematic precision. Every forest, battle, and quiet moment of reflection adds weight to Orchid's evolution from huntress to protector.

Through Orchid's eyes, readers witness a heroine defined not just by her power, but by compassion, loyalty, and purpose — qualities that set the tone for the entire saga.

Book Two: *The World of Taurus – Travels of the High Queen*

In *Travels of the High Queen*, the second installment, Orchid has ascended to her destiny. Now ruling as the High Queen, she faces challenges far greater than any she encountered with bow and arrow. The peace she fought to create is fragile, and unseen enemies move in the shadows. Across the Travallah Mountains and into distant lands, Orchid's reign is tested as she learns the true weight of leadership.

Warren expands the world of Taurus with greater depth and complexity — introducing new alliances, cultures, and conflicts that reveal how even the strongest leaders must battle doubt, grief, and the ghosts of their past. Yet amid the turmoil, the High Queen's journey remains one of hope and renewal.

The novel's tone is mature and reflective, showing Orchid as both warrior and stateswoman, a figure who carries the burdens of command while holding fast to her humanity. The story is as much about the courage to lead as it is about the will to endure.

A New Voice in Epic Fantasy

Taken together, *The Huntress Of Artistah* and *Travels of the High Queen* tell a complete and emotionally rich tale — one that celebrates strength, resilience, and the belief that unity can overcome

even the darkest of powers.

Warren Wills's duology is inspired by his lifelong appreciation for immersive storytelling in games and literature. Drawing influence from *The Elder Scrolls*, *Dragon Age*, and the works of John Flanagan and J.R.R. Tolkien, Warren builds a world filled with depth, heart, and history. His writing balances grandeur with intimacy, ensuring every character and conflict feels authentic and earned.

From the first hunt beneath the forest canopy to the final march of a queen, *The World of Taurus* is a vivid reminder that true power lies not in domination, but in courage, love, and the bonds that hold a people together.

About the Author

Warren Wills is a U.S. Navy combat veteran, born in Germany in 1961 to American parents. He has lived in Germany, Turkey, and several U.S. states. He recently retired from trucking and is currently recovering from an accident, after which he plans to settle down and write full-time.

His life, marked by service, travel, and perseverance, shapes the authenticity of his storytelling. Wills's imagination is rooted in experience — in the discipline of military life and in the love he carries for his daughters, granddaughters, and nieces, who inspired him to create a heroine worthy of admiration.

Work in Progress

Wills is also continuing to expand the World of Tarsus universe. He is currently working on Book 3 in the Tarsus series — *Tahlyene The Dragon Princess*. Alongside this, he is developing a children's book titled *The Girl the Dog and the Dragon*, which will feature characters from the World of Tarsus. Its purpose is to introduce younger readers to these characters so that, once they reach preteen age, they can begin the Tarsus series already familiar with them. In addition, Wills is writing a new project titled *The Gamers Portal*, which he anticipates will grow into a multi-book series.

With *The World of Tarsus*, Warren Wills invites readers into a universe built on honor, courage, and heart — a world that reminds us that even the most unlikely of heroes can change everything.
