

Cleantech Gulf Elevates Cleaning Standards with Advanced Floor Cleaning Machines in the UAE & GCC

Dubai, United Arab Emirates Dec 23, 2025 ([Issuewire.com](https://www.issuewire.com)) - Cleantech Gulf, a leading provider of professional cleaning equipment and solutions across the UAE and Saudi Arabia, today highlights its comprehensive range of state-of-the-art [floor cleaning machine](#) designed to meet the diverse needs of commercial, industrial, and institutional clients. With over three decades of industry expertise and a strong commitment to service excellence, Cleantech Gulf continues to set the benchmark for cleaning

performance in the Gulf region. Cleantech Gulf

Cleantech Gulf's extensive portfolio includes high-performance floor cleaning machines that combine durability, efficiency, and advanced technology — ensuring exceptional results for every type of flooring surface. The range features leading international brands and robust equipment including ride-on scrubbers and sweepers, walk-behind scrubber dryers, and single-disc floor machines tailored to various cleaning applications. Cleantech Gulf

“Maintaining clean, safe, and hygienic floors is crucial for businesses, especially in high-footfall environments such as shopping centres, hospitality venues, airports, and healthcare facilities,” said a company representative. “Our floor cleaning machines help customers achieve superior results while reducing labour time and operational costs.”

Designed for performance and ease of use, Cleantech Gulf's floor cleaning solutions deliver:

- **Maximum cleaning efficiency** across hard surfaces such as marble, tile, concrete, and linoleum.
- **Flexible equipment options** from walk-behind scrubbers to fully equipped ride-on models.
- **Durability and reliability** backed by strong after-sales support from trained technicians.

Cleantech Gulf's commitment to innovation is complemented by its customer-centric approach, which includes tailored cleaning solutions recommendations, prompt delivery across the UAE and GCC, and robust service after purchase.

About Cleantech Gulf

Cleantech Gulf is one of the Gulf region's foremost suppliers of commercial and industrial cleaning equipment and hygiene products. With flagship operations in Dubai and a wide distribution network across the UAE and Saudi Arabia, the company offers innovative, efficient, and sustainable cleaning technologies backed by world-class support services.
