

# Dr Anand Surgery Hospitals Completed 50K Successful Surgeries- Appreciated by the President of India

Special Report | The Inspiring Journey of Dr Anand Surgery Hospitals

**New Delhi, Delhi Dec 11, 2025 (IssueWire.com)** - A remarkable chapter has been written in India's healthcare sector. Renowned healthcare Professional, Mentor and Dr Anand Group's MD & CEO- **Dr. A R Anand**, Who was honored with the title "King of the Healthcare Sector" by Azim Premji. After making **Dr Anand Pharma & Clinic** the No. 1 brand in the clinic sector, **Dr. A R Anand** has now expanded into the surgical care domain with the launch of **Dr Anand Surgery Hospitals**. Within just a short span, the initiative has earned the trust of thousands across the country.

## **The Incident That Changed Everything**

The inspiration behind this initiative emerged from a deeply emotional experience. A close friend in Patna shared that his mother had undergone hernia surgery twice in two years — and now faced the same problem for the third time. After detailed inquiry and research, Dr. Anand discovered that the previous two surgeries were not performed with proper care or advanced surgical standards. Post-operative care was also neglected, which led to repeated complications. This incident shocked Dr. Anand and strengthened his resolve to ensure that no one else suffers due to substandard surgical practices.

## **50 Cities, 500 Surgeons, and Over ₹100 Crore Investment**

Determined to bring reliable, high-quality surgical services to the public, Dr. Anand and his team spent months preparing for a large-scale launch. 50 easily accessible cities selected, 500+ expert surgeons hired, all surgeons trained under standardized protocols, advanced equipment and latest technologies installed across all centers, more than ₹100 crore was invested to build world-class infrastructure.

## **The First Surgery — An Emotional Beginning**

On 15 October 2025, **Dr Anand Surgery Hospitals** officially launched in Patna and 50 other cities. The very first surgery was performed on the mother of Dr. Anand's close friend — the same woman whose suffering had inspired this mission. The surgery was done with utmost precision using the highest standards, followed by continuous and dedicated post-operative care. She is now completely healthy.

## **1,000+ Surgeries on Day One.**

On the launch day itself, over 1,000 successful surgeries were performed across all 50 hospitals, each with advanced techniques and thorough follow-up care. Every patient has recovered well.

## **15 October to 10 December — Over 50,000 Successful Surgeries**

In less than two months, **Dr Anand Surgery Hospitals** has achieved a historic milestone with 50,000+ successful surgeries across India. Thousands of people are contacting the team on +918210623078 daily for consultations and surgical bookings. Managing such high demand is challenging, but the team is committed to giving each patient the same careful, high-level treatment.

## **Appreciated by the President of India**

Recognizing this powerful contribution to healthcare, the Hon'ble President of India invited Dr. A.R. Anand to the Rashtrapati Bhavan and personally appreciated his efforts.

## **Message From the Team**

The public is requested to avoid repeated calls and messages. The team promises to respond to everyone as soon as possible and ensure high-quality, carefully managed surgical care for all.

**Dr Anand Surgery Hospitals** is not just a surgery initiative — it is a mission to set new standards of ethical, advanced, and compassionate surgical care in India.
