

E Mathematics Olympiad System and Spirit of Math Partner to Bring International Spirit of Math Contest to Malaysia

for 2025-26 School Year

North York, Ontario Dec 13, 2025 ([IssueWire.com](https://www.IssueWire.com)) - [E Mathematics Olympiad System](#) (EMOS) and [Spirit of Math](#) are thrilled to announce an exciting collaboration that will bring the International Spirit of Math Contest to Malaysia for the 2025-26 school year.

The partnership is a continuation of Spirit of Math's unwavering commitment to promote co-operation, inspire confidence and release the genius in every child all around the world. This collaboration will give Malaysian students the opportunity to showcase their abilities on an international stage, while growing their confidence and skills which they will need for future success.

"At Spirit of Math, we are dedicated to revolutionizing education for students everywhere," said Kim Langen. "We are excited to support EMOS in their mission to cultivate young talent and help students realize their greatest potential."

E Mathematics Olympiad System joins this initiative as one of Malaysia's leading organizers and promoters of mathematics Olympiad activities. Dedicated to nurturing young mathematical talent, EMOS provides structured training, assessments, and competitions for primary and secondary students across the country. By guiding students through challenging Olympiad-style mathematics, EMOS helps them strengthen problem-solving skills, logical reasoning, and creative thinking while building confidence for higher-level national and international competitions.

This partnership reflects a shared vision to elevate mathematical learning and broaden opportunities for students worldwide. With EMOS's comprehensive system and Spirit of Math's international reach, the collaboration ensures that the International Spirit of Math Contest continues to expand its impact. Competitive events such as these give children the chance to experience rigorous questions, sharpen analytical skills, and enjoy the personal satisfaction of tackling and mastering some of the most demanding problems.

Through a growing network of international collaborations, Spirit of Math is working to bring the International Spirit of Math Contest to students across the globe. These competitive events provide young learners with invaluable opportunities to sharpen skills in analysis, problem solving, and critical thinking. Beyond academic growth, participants gain the confidence and motivation that come from tackling, and triumphing over, some of the most challenging questions.

About E Mathematics Olympiad System:

E Mathematics Olympiad System (EMOS) is a premier mathematics Olympiad organizer in Malaysia, dedicated to discovering and nurturing the next generation of young mathematicians. Through structured training programmes, assessments, and competitions, EMOS provides primary and secondary students with opportunities to develop advanced problem-solving skills, logical reasoning, and creative thinking. Over the years, EMOS has played a vital role in raising the standard of mathematical enrichment across the country, preparing students to excel in national and international Olympiad competitions. With its commitment to excellence and innovation, EMOS continues to inspire confidence and passion for mathematics among learners.
