conditions.

Located at **2021 Ygnacio Valley Rd A3, Walnut Creek, CA**, the clinic has long specialized in advanced decompression therapy, sports rehab, auto accident injury care, and evidence-based chiropractic treatments that help patients achieve long-term pain relief and restored mobility.

A Proven, Non-Surgical Solution for Neck & Back Pain

Spinal decompression therapy has been a core service at Elite Chiropractic for years. The clinic utilizes advanced technology designed to:

- Gently stretch the spine
- Reduce pressure on compressed discs and nerves
- Improve hydration, circulation, and nutrient flow
- Restore joint and disc alignment
- Relieve chronic and acute pain

This non-invasive approach is widely known for helping patients avoid surgery, injections, and long-term dependence on pain medication.

“Spinal decompression has transformed the lives of so many of our patients,” said **Dr. Ben Rosenstein**, lead chiropractor. “Whether someone is dealing with a herniated disc, sciatica, or years of unresolved back pain, our goal is always to help them heal efficiently and naturally.”

Conditions commonly treated include:

- Herniated & bulging discs
- Sciatica & nerve compression
- Degenerative disc disease
- Chronic neck & lower back pain
- Posture-related conditions
- Spinal stenosis
- Work & sports injuries

Decades of Combined Experience. Thousands of Patients Helped.

Elite Chiropractic Rehab & Wellness has built a reputation for *exceptional outcomes* and *patient-first care*, with reviews consistently highlighting professionalism, compassion, and life-changing results.

The clinic's long-standing commitment to modern chiropractic care continues to make Elite Chiropractic a preferred destination for patients seeking natural, long-lasting pain relief in Walnut Creek and the surrounding East Bay communities.
