

GLEANTA Shoe Cleaning Foam – Effortless Shine & Deep Clean for All Footwear

Ponnani, Kerala Dec 19, 2025 ([IssueWire.com](https://www.issuewire.com)) - Gleanta, a fresh new name in the world of cleaning solutions, is excited to announce its official launch along with its first product — **Gleanta Shoe Cleaning Foam**. Designed to make daily care easier, this gentle yet powerful foam removes dirt, stains, and marks from all types of footwear, helping users keep their shoes looking clean and new without any hassle.

Gleanta launches with a simple promise: to offer effective, easy-to-use cleaning products that fit into everyday life. Along with the shoe cleaning foam, the brand is also preparing a full range of cleaning solutions for **cars, bikes, and household needs**. These upcoming products will follow the same philosophy—high performance, convenient use, and reliable results.

“We created Gleanta to make cleaning simpler for everyone,” said the founding team. “From shoes to vehicles to home surfaces, our goal is to provide products that people can trust.”

The Gleanta Shoe Cleaning Foam will be available online and through select retail partners. With its launch, the company aims to build a strong presence in the lifestyle and home-care market, offering products that deliver both quality and value.

For more updates and product information, customers can follow Gleanta’s official channels as the brand continues to grow.
