

Harrison H. Lee, MD, DMD, FACS: A Renowned Global Authority in Facial Plastic & Reconstructive Surgery

Award-Winning, Triple Board-Certified Surgeon Setting the Standard for Precision, Safety, and Natural Results Worldwide

Beverly Hills, California Dec 29, 2025 ([Issuewire.com](https://www.issuewire.com)) - Harrison H. Lee, MD, DMD, FACS, a distinguished triple board-certified facial plastic and reconstructive surgeon, has made remarkable strides in the world of cosmetic surgery, with practices located in Beverly Hills, California, and Manhattan, New York. Dr. Lee is the Founder of the Beverly Hills Medical Center for Cosmetic Surgery,

Inc. (established in 2010), and the Beverly Hills Eclipse Surgery Center, Inc. (opened in 2023). Both institutions are dedicated to exceeding the highest standards of patient care, ensuring safety, and achieving natural aesthetic results.

Dr. Lee specializes in a comprehensive range of procedures tailored for both men and women, including minimally invasive endoscopic facelifts, rhinoplasty, neck lift, facial feminization surgery (FFS), cheek implants, Asian double eyelid surgery, and more. His approach emphasizes safety and natural outcomes, which has garnered him a global reputation as a trailblazer in the field of facial plastic surgery.

Redefining Excellence in Facial Plastic Surgery and Facial Feminization Surgery

A core principle of Dr. Lee's practice is the belief that successful cosmetic surgery results hinge on understanding patient concerns, meticulous planning, and skilled execution. He is dedicated to providing open and honest communication, guiding patients through their journey without pressure, and empowering them to make informed choices for the best possible results.

Dr. Lee is committed to delivering high-quality advanced facial cosmetic surgery, focusing on pre-operative education, intra-operative precision, and post-operative comfort. His patient-centric approach tailors care to individual needs, earning him recognition worldwide. His expertise in Facial Feminization Surgery (FFS) has been particularly notable, transforming the lives of prominent figures such as Caitlyn Jenner, Nikita Dragun, and Dylan Mulvaney.

Education, Training, and Surgical Mastery

After earning a Bachelor of Science Degree from Tufts University, Dr. Lee obtained his Medical Degree from New York Medical College in 1992. He completed residencies in general surgery and otolaryngology-head and neck surgery at Mount Sinai Medical Center. To further hone his skills, he undertook a prestigious fellowship in facial plastic and reconstructive surgery at The Lasky Clinic in Beverly Hills under the mentorship of Dr. Frank Kamer, a luminary in the field.

Dr. Lee's extensive training spans nearly 18 years, encompassing not only plastic and reconstructive surgery but also a Doctor of Dental Medicine and a residency in oral and maxillofacial surgery. His dedication to lifelong learning is evident as he continually pursues advanced training, live surgery workshops, and certification courses to stay at the forefront of the latest advancements in cosmetic surgery, such as Endoscopic Face Lifts.

Elite Credentials, Advanced Techniques, Global Impact

Dr. Lee holds triple board certifications from the American Board of Facial Plastic & Reconstructive Surgery, the American Board of Oral & Maxillofacial Surgery, and the American Board of Otolaryngology-Head and Neck Surgery. This rare combination of credentials enables him to perform highly complex facial procedures, including bone contouring and silicone removal, offering solutions for patients with unique and challenging aesthetic needs.

His professional affiliations include serving as an Overseas Fellow of the Royal Society of Medicine, and a Fellow of numerous prestigious organizations, including the American College of Surgeons, the American Academy of Otolaryngology-Head & Neck Surgery, the American Association of Oral & Maxillofacial Surgeons, the American Academy of Cosmetic Surgery, and a Life Fellow of the International Biographical Association (Cambridge, England).

Additionally, Dr. Lee is a Fellow of the Academy of Facial Plastic & Reconstructive Surgery, the American Institute of Plastic Surgeons, the Southern California Chapter of the American College of Surgeons, the California Academy of Cosmetic Surgery, and the California Society of Facial Plastic Surgery

His exceptional skill and dedication have earned him numerous accolades, including being voted “Top Physician” by the Consumers’ Research Education Council. Dr. Lee has presented at national and international medical conferences, and his work has been featured across major media outlets such as CNN, ShowBiz Tonight, and E! Entertainment, as well as in respected publications including Forbes, USA Today, Cosmopolitan, and Maxim.

Artistry, Precision, and a Patient-First Philosophy

Dr. Lee’s deep appreciation for facial aesthetics—combined with his unique medical and dental background—allows him to deliver natural-looking, harmonious results. “I’ve had the privilege of receiving excellent training, and I owe much of my success to the incredible mentors who guided me,” he shares. His ultimate goal is to prioritize patient safety while designing customized surgical plans that enhance natural beauty and address each patient’s individual concerns.

Beyond the operating room, Dr. Lee maintains a lifelong dedication to martial arts, holding Black Belt status in multiple disciplines, including Taekwondo and Korean Jiu Jitsu. This discipline, focus, and respect for precision are reflected in every aspect of his surgical practice.

Setting the Global Standard in Facial Aesthetic Surgery

Dr. Harrison H. Lee, MD, DMD, FACS, continues to set the standard in facial plastic surgery, guided by an unwavering commitment to excellence, compassion, and innovation. His combination of advanced surgical expertise and patient-first philosophy makes him one of the most sought-after facial plastic surgeons worldwide. As he looks ahead, Dr. Lee remains dedicated to pushing the boundaries of cosmetic surgery while ensuring every patient receives the highest level of care and achieves results that are both transformative and natural.
