Online Course**

Kolkata, West Bengal Dec 16, 2025 (IssueWire.com) - Mivja, a growing skills-development institute based in Kolkata, has announced the expansion of its practical training programs in Digital Marketing, SEO, SMM, and Graphic Design. Designed for students, freelancers, and working professionals, Mivja focuses on delivering real project-based learning to help individuals build industry-ready skills.

Located in **Ashok Colony, Bhatrapally**, the institute has become a preferred choice for learners from nearby regions, including **Kalyani, Ranaghat, Barasat and Barrackpore**, thanks to its supportive environment and clear, step-by-step teaching approach. Each program includes hands-on assignments, personalized guidance, and updated modules that reflect current industry needs.

“Our goal is to make digital skills easy to understand and accessible to everyone,” said the founder of Mivja. “We want learners to gain practical confidence, not just theoretical knowledge. That is why every module includes real projects and step-by-step learning support.”

Mivja aims to empower individuals seeking career growth, freelance opportunities, or entrepreneurship in today’s digital-first economy. The institute’s practical approach helps learners build real portfolios and develop the confidence required to work on client projects or apply for digital roles.

About Mivja

Mivja is a Kolkata-based training institute offering practical courses in Digital Marketing, SEO, SMM, and Graphic Design. With a strong focus on clarity, hands-on practice, and supportive teaching, Mivja helps beginners and professionals build real-world skills and job-ready portfolios.
