

Monthly and School Driver Services in Dubai Launched by Ali Chauffeur Services Dubai

Monthly Personal Vip Driver Service in Dubai | Short Term & Long Term | Ali Chauffeur Services Dubai

Dubai, United Arab Emirates Dec 22, 2025 ([Issuewire.com](https://www.issuewire.com)) - Monthly and School Driver Services Launched in Dubai by Ali Chauffeur Services Dubai

Ali [Chauffeur Service Dubai](#), one of the city's leading chauffeur and driver service companies, has

announced a major expansion of its monthly driver service and school pick-up and drop-off solutions across Dubai. With more families and professionals looking for safe and reliable daily travel options, the company aims to offer smoother, safer, and more comfortable transportation for residents in all major communities.

For years, Ali Chauffeur Services Dubai has been trusted for its trained and RTA-approved drivers who serve both families and corporate clients. The company is known for safe driving, clear communication, professional behavior, and on-time service. With this expansion, the company strengthens its position as one of Dubai's most dependable chauffeur service providers.

The monthly driver service is now available in more areas, including The Villa, Dubai Hills, Palm Jumeirah, Arabian Ranches, Jumeirah, and Business Bay. This service is designed for customers who need daily travel support without booking rides again and again. Clients are assigned a dedicated driver who manages school runs, office commutes, medical visits, shopping trips, and daily errands with ease.

The company has also expanded its school transport service. This service is designed for parents who need trusted and responsible drivers for their children. All school drivers follow strict safety rules, provide punctual pick-up and drop-off, and stay in touch with parents throughout the day. The company says many Dubai parents prefer this personalized service because it offers more comfort and peace of mind than standard transport options.

A spokesperson for Ali Chauffeur Services Dubai said, "Families and professionals in Dubai want travel that is safe, simple, and stress-free. Our goal is to offer drivers who understand routines, know the routes well, and make daily life easier. With this expansion, we are ready to support more homes, businesses, and schools across the city."

The company also continues to support business clients with chauffeur services for executives, corporate staff, and events. With Dubai's fast-growing business environment, demand for trained and reliable drivers is rising each year.

Ali Chauffeur Services Dubai now offers flexible monthly, quarterly, and yearly plans for all services. Customers can book quickly through phone or online, with support available 24/7.
