

North Jersey Woodworker Launches Free Custom Kitchen Table Giveaway for Local Family

A unique community initiative invites North Jersey residents to nominate a deserving family for a handcrafted custom table designed and built entirely free by Talmo Custom Builds.

HOLIDAY TABLE GIVEAWAY

A meaningful gift for a local family

Talmo Custom Builds is donating a custom-built kitchen table to a deserving local family this season.

We are accepting nominations for families in Bergen County and the surrounding areas who could truly use something special in their home.

The selected family will work directly with me to design the table — the size, style, and overall look — so it fits their home perfectly.

Nominations are open from December 15th through December 25th.

To nominate someone, please visit:

Dumont, New Jersey Dec 15, 2025 ([IssueWire.com](https://www.issuewire.com)) - Talmo Custom Builds, a North Jersey-based woodworking business, has launched a special community initiative this holiday season: a Free Custom Kitchen Table Giveaway for one local family. The project aims to bring something meaningful into a home that could truly benefit from it. From December 15th through December 25th, residents of North Jersey can nominate a family they feel deserves this unique opportunity. The winning family will collaborate directly with craftsman Mathew Talmo, the owner of Talmo Custom Builds, to design a fully custom kitchen table. They will select the size, style, and overall aesthetic, and the finished piece will be handcrafted specifically for their home.

“I wanted to do something meaningful this holiday season—something that could brighten someone’s home,” said Talmo. “A kitchen table is a place where families gather, share meals, and create memories. Building one for a family in our community felt like the right way to give back.”

The nomination process is simple. Anyone can submit a family for consideration by visiting: <https://www.talmocustombuilds.com/giveaway> The selected family will be announced after the nomination period closes, and construction of the table will begin shortly thereafter in Talmo’s North Jersey workshop. This initiative reflects the mission of Talmo Custom Builds: to create meaningful, high-quality furniture that becomes part of the moments and memories families share every day.
