

Red Dragon Heating and Cooling Expands Residential HVAC Services in Gloversville and Johnstown

Founder Wayne Akey leads expansion to meet growing residential heating and cooling needs in the community.

YOUR HOME COMFORT GUARDIAN

Gloversville, New York Dec 23, 2025 ([IssueWire.com](https://www.IssueWire.com)) - Red Dragon Heating and Cooling Expands Residential HVAC Services in Gloversville and Johnstown

Red Dragon Heating and Cooling, a trusted residential HVAC service provider led by Wayne Akey, today announced the expansion of its heating, cooling, and indoor air quality services in Gloversville and Johnstown, New York. The company now offers enhanced installation and repair services to meet the growing demand for energy-efficient and reliable home comfort solutions.

Red Dragon Heating and Cooling specializes in new furnace installations, new air conditioning (AC) installations, and mini-split system installations, as well as repair and maintenance services for existing HVAC systems. Additional offerings include ductwork installation, duct sealing, boiler repair, whole-home humidifiers, and gas water heater installation, providing homeowners with comprehensive solutions for year-round comfort.

Wayne Akey, founder and principal operator of Red Dragon Heating and Cooling, commented,

“Our team is committed to delivering reliable and professional heating and cooling solutions for homeowners in Gloversville and Johnstown. With the expansion of our services, we aim to ensure that residents have access to efficient, high-quality HVAC systems and maintenance.”

The company also offers affordable financing options starting at \$49 per month, making essential home heating and cooling upgrades more accessible to local residents.
