Leeds, West Yorkshire Dec 18, 2025 ([IssueWire.com](https://www.IssueWire.com)) - Silsden Pharmacy Announces Convenient NHS Pharmacy Contraception Service for Local Residents

Silsden, West Yorkshire — Silsden Pharmacy, a trusted community pharmacy serving residents for **over 100 years**, today announced the expansion of its NHS clinical offerings with the launch of **NHS Pharmacy Contraception** — **providing fast, private, and convenient access to the oral contraceptive pill** without the need for a GP appointment.

Owned and operated by **AS Pharma Services Ltd (Company No. 12120028)**, with **Superintendent Pharmacist Shahiad Iqbal**, [Silsden Pharmacy](https://www.IssueWire.com) continues to strengthen its role as a modern healthcare hub for Silsden, Keighley, and the wider West Yorkshire region.

Located at **76/78 Kirkgate, Silsden, Keighley BD20 0PA**, the pharmacy offers an extensive range of NHS and private services, including vaccinations, repeat prescriptions, minor ailment treatments, weight-management support, travel vaccines, walk-in health services, and more.

New NHS Pharmacy Contraception Service at Silsden Pharmacy

The newly launched **NHS Pharmacy Contraception Service** allows eligible patients to easily access the oral contraceptive pill directly from the pharmacy. This service improves accessibility for women who need timely contraception support but face delays obtaining appointments elsewhere.

“Our goal is to make essential healthcare services more accessible, more convenient, and more patient-friendly,” said **Shahiad Iqbal, Superintendent Pharmacist**. **“The NHS Pharmacy Contraception service gives women the freedom to manage their reproductive health quickly and safely, right here in their local community.”**

This service aligns with the NHS commitment to better access through community pharmacies, reducing pressure on GP practices while giving patients more options.
