

Temu Introduces New All-Season Duvet for Affordable, Everyday Luxury

Badagri, Lagos Dec 5, 2025 ([Issuewire.com](https://www.issuewire.com)) - Temu today announced the launch of its new **All Season Duvet**, designed to deliver year-round comfort at an accessible price. The duvet combines lightweight insulation, breathable materials, and a soft, hotel-inspired feel to elevate everyday sleep.

Made with ultra-smooth microfiber fabric and a temperature-regulating fill, the duvet keeps sleepers

warm in cooler months while maintaining airflow in warmer seasons. Its box-stitch construction ensures the fill stays evenly distributed for a consistently plush feel.

Key Features:

All-Season Comfort: Balanced warmth suitable for a range of climates.

Soft Microfiber Fabric: Gentle, smooth, and cozy.

Breathable Fill: Lightweight yet insulating.

Durable Construction: Box-stitching prevents clumping.

Easy Care: Machine-washable and fade-resistant.

“Our goal was simple: make great sleep affordable,” said Dare Ojo-Bello at Temu.

The duvet is available now in multiple sizes and colours exclusively on Temu, making it an easy upgrade for anyone seeking comfort and value.
