

TGC CAPITAL PARTNERS –Verjitech Deal Signals Major Shift in AI-Powered Secure Messaging

Oslo, Norway Dec 19, 2025 ([Issuewire.com](https://www.issuewire.com)) - TGC Capital Partners, the strategic investment arm of the Gateway Group of Companies, today announced a new partnership with **Verjitech**, a Norway-based leader in Internal communication technologies. The collaboration is set to redefine how banks and micro, small, and medium enterprises (MSMEs) manage secure internal and customer communications across the Nordic region.

At the heart of the partnership is a shared mission: to make **enterprise-grade secure communication infrastructure accessible to smaller organizations** that require the same level of reliability, encryption, and compliance as major financial institutions. Verjitech's platform functions as the "internal nervous system" for digital businesses—offering encrypted messaging, AI-driven contextual communication, and adaptive workflow automation tailored for regulated sectors including banking and financial services.

"Banks and SMEs face a unique challenge—delivering fast, modern communication while

meeting stringent security and compliance requirements,” said **Alf Kenneth, CEO of Verjitech.** “Our AI-powered system enables organizations to automate internal communication securely and efficiently. With TGC Capital Partners, we can bring this innovation from Norway to the global stage.”

TGC Capital Partners brings deep expertise in scaling enterprise-grade platforms with an emphasis on **ethical AI, compliance-driven development, and regional localization.** “**Our objective is to build scalable, responsible AI systems that address real-world business challenges,**” said **Niraj Gemawat, Founder and Group CEO of the Gateway Group.** “Together with Verjitech, we’re creating a messaging experience that is simple, secure, and ready for enterprise deployment.”

The initial phase of the partnership will focus on Norway—targeting banking institutions, semi-government organizations, and SMEs. Expansion across the wider Nordic region and into greater Europe is planned for **2026**, with TGC Capital Partners leading localization, onboarding, and regulatory alignment in each market.

This collaboration underscores a broader movement toward **ethically engineered, AI-driven business communication tools**, a foundational pillar in Europe’s ongoing digital transformation.

About TGC Capital Partners

[TGC Capital Partners](#) is the strategic investment division of the Gateway Group of Companies, focusing on high-growth technology ventures and enterprise-scale AI solutions.
