

The Map Stores Expands Global Shipping for Designer Wooden Maps

Premium 3D, 2D, and LED wooden world maps now available worldwide

Ahmedabad, Gujarat Dec 17, 2025 (IssueWire.com) - **The Map Stores**, a leading brand in premium wooden wall décor, today announced that it has officially started **worldwide shipping** for its complete range of **designer wooden world maps**, making its products accessible to customers across continents. This strategic expansion allows homeowners, interior designers, architects, and gifting buyers around the world to experience handcrafted map décor that blends design, craftsmanship, and storytelling.

With immediate effect, international customers can now order directly from <https://themapstores.com/> and receive products including **3D Wooden World Maps for Wall Decor, 2D Wooden World Maps, LED Wooden Maps, Designer World Maps, and World Map Wall Clocks**. The announcement marks a significant milestone in the company's global growth journey and responds to rising international demand for premium, customizable wall art.

The Map Stores has built a strong reputation in India for transforming walls into conversation pieces through precision-cut wooden maps made from high-quality, eco-friendly materials. By expanding global shipping, the company aims to serve a wider audience looking for meaningful décor that reflects travel, culture, and personal identity.

“Design today is personal, and walls are no longer just walls—they tell stories,” said **[Founder's Name]**, Founder & CEO of The Map Stores. “We have received consistent inquiries from customers across the US, Europe, the Middle East, and Asia. Global shipping enables us to deliver our craftsmanship and design philosophy to homes and offices worldwide.”

The company's flagship **3D Wooden World Maps** are among its most popular offerings, known for their layered depth, premium finishes, and customizable sizes and colors. These maps are widely used as statement décor in living rooms, corporate offices, hotels, and co-working spaces. The **2D Wooden World Maps** provide a sleek, minimalist alternative, while **LED Wooden Maps** add ambient lighting, creating a striking visual impact for modern interiors.

In addition to wall maps, The Map Stores also offers **Designer World Maps** curated for luxury interiors and **World Map Wall Clocks**, which combine functionality with artistic appeal. Each product is designed to be easy to install and packaged securely to ensure safe international delivery.

From a customer perspective, global shipping offers greater access, transparency, and convenience. International buyers can now explore the full catalog online, select customization options, and receive products at their doorstep without relying on third-party resellers. For interior designers and corporate clients, this expansion simplifies sourcing premium décor for international projects.

“Our focus has always been on quality, design accuracy, and customer experience. “As we expand globally, we remain committed to maintaining the same standards—right from material selection to packaging and after-sales support.”

The Map Stores' global shipping rollout also positions the brand strongly within the growing global market for personalized and sustainable home décor. As consumers increasingly seek unique

alternatives to mass-produced wall art, handcrafted wooden maps offer both aesthetic value and emotional connection.
